## **Independent Auditors' Report**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and the business-type activities of the City of Albany Industrial Development Agency, a Component Unit of the City of Albany (the "Agency"), as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

The Agency's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the business-type activities of the City of Albany Industrial Development Agency, a Component Unit of the City of Albany, as of December 31, 2019 and 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison information on pages 3 through 7 and Schedule I be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March \_\_, 2020 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

The following Management's Discussion and Analysis (MD&A) of the City of Albany Industrial Development Agency's (CAIDA or Agency) activities and financial performance is offered as an introduction and overview of the financial statements of CAIDA for the fiscal years ended December 31, 2019 and 2018. Following this MD&A are the basic financial statements of CAIDA together with the notes thereto which are essential to a full understanding of the data contained in the financial statements. In addition to the notes, this section also presents certain supplementary information to assist with the understanding of CAIDA's financial operations.

### OPERATION SUMMARY

The City of Albany Industrial Development Agency's mission is to encourage investment and job creation/retention within the City of Albany. To do this, the Agency extends conduit tax-exempt and taxable bond issuance, mortgage recording, sales, and real-property tax abatements to offset or finance construction, rehabilitation, and equipping costs for eligible projects.

The CAIDA participates in a project by taking title to or a leasehold interest in the real property and/or equipment of the project using the proceeds of bonds sold by CAIDA. By separate agreement, the private firm leases the facilities from the CAIDA. Lease payments are usually equal to the debt service obligations of the issued bonds. The CAIDA does not provide credit enhancement and issues bonds on a non-recourse basis.

Through a professional services agreement, the Capitalize Albany Corporation (CAC), an independent, not-for-profit economic development corporation provides staffing and administrative support to CAIDA. Staff meets with prospective developers to discuss the specifics of a particular project or development and makes recommendations about appropriate economic development programs as well as other project related issues. If CAIDA is an appropriate route, the applicant will complete and submit an application that outlines certain information and data, including anticipated level of job creation and retention that the project will generate. The application is reviewed by staff and counsel to determine project qualification and address other due diligence issues. The seven-member CAIDA Board meets monthly or as necessary to consider project applications focusing on the "public benefits" related to the proposed project, other economic impacts and benefits on the local economy, and the anticipated employment impact. As part of the review process, the CAIDA members also consider potential costs to the local community of the project, including the loss of potential tax revenue. Each project is also required to provide an inducement resolution that specifically states how the project meets the statutory definitions of eligibility. The Agency convenes a public hearing for all projects that requests financial incentives greater than \$100,000 in value.

**Note 1: Organization And Summary Of Significant Accounting Policies**

***Organization***

The City of Albany Industrial Development Agency (the "Agency"), a public benefit corporation created by State legislation, is a component unit of the City of Albany, New York, and commenced operations on May 13, 1974. The Agency's purpose is to promote the advancement of job opportunities, health, general prosperity, and economic welfare of the people of the State of New York, to attract commerce and industry, and to retain areas adaptable for commercial and/or industrial purposes. Additionally, the Agency's purpose is to promote, develop, encourage, and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, and research facilities. The Agency also has the power to acquire, construct, reconstruct, lease, sell, improve, maintain, equip, or furnish certain properties and facilities. The members of the Agency are appointed by the City of Albany's Common Council. Agency members have complete responsibility for management of the Agency and accountability for fiscal matters.

***Summary of significant accounting policies***

**(a) Basis of presentation**

The Agency utilizes the accrual basis of accounting, wherein revenue is recognized when earned and expenses are recognized when incurred. The accompanying financial statements of the Agency have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for governments as prescribed by the *Government Accounting Standards Board (GASB)*, which is the primary standard setting body for establishing governmental accounting and financial principles.

**(b) Cash and cash equivalents**

The Agency's investment policies are governed by State statutes. The Agency's funds must be deposited in FDIC insured commercial banks or trust companies located within the State. The Agency is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and obligations of New York State or its localities.

The Agency is exempt from federal, state, and local income taxes.

**(h) Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Agency periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

**(i) Presentation**

Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net position or net income.

Notes To Financial Statements

**Note 2: Mortgage Notes Receivable**

The Agency's mortgage notes receivable comprise loans which are recorded at cost. Repayment terms and interest vary with each borrower.

**Note 3: Mortgage Payable**

The Agency has entered into a loan agreement with the City of Albany. The proceeds are loaned, in turn, to the eligible mortgagor. Loan repayment maturities vary by loan and are collateralized by mortgage notes receivable.

At December 31, 2019 and 2018, long-term debt was \$131,970 for each year, and matures on December 23, 2022.

**Note 4: Related Party Transactions**

The Agency shares a common board of directors with the City of Albany Capital Resource Corporation, a Component Unit of the City of Albany. The Agency received \$26,527 and \$6,333 for the years ended December 31, 2019 and 2018, based on the terms of a contract for services agreement. At December 31, 2019 and 2018, \$-0- and \$6,333 was included as accounts receivable on the statements of net position.

**Note 5: Industrial Development Revenue Bond Transactions**

Industrial Development Revenue Bonds issued by the Agency are secured by property which is leased to private companies. The debt is retired by the lease payments. The bonds are not obligations of New York State, the City of Albany, and are not general obligations of the Agency. Accordingly, the Agency does not record related activity in its accounts. The Agency acts as a financing conduit. For providing this service, the Agency receives an administrative fee. Such administrative fee income is recognized immediately upon issuance of bonds. Industrial Development Revenue Bonds outstanding as of December 31, 2019 total \$108,035,314.

**CITY OF ALBANY INDUSTRIAL DEVELOPMENT AGENCY,  
A COMPONENT UNIT OF THE CITY OF ALBANY**

Notes To Financial Statements

**Note 6: Sublease Agreement**

The Agency had an agreement with the New Covenant Charter School (the “Charter School”) to lease a portion of the Charter School’s building as a community center. The Agency paid the Community Center’s share of all operating and maintenance expenses, fees, and charges. The annual costs of this lease were \$71,454 and \$70,459 for the years ended December 31, 2019 and 2018, respectively. The original agreement was effective through November 30, 2009.

In June 2010, the Charter School closed and ownership rights reverted back to the bondholders. The Agency’s obligation under the lease continues despite the closing of the Charter School. Under a revised agreement, the Agency was required to pay 80% of all operating and maintenance expenses, fees, and charges until the Charter School building was purchased.

During the fourth quarter of 2013, the building was leased to the Albany City School District. In connection with the lease with the Albany City School District, the Agency’s obligation under the lease will continue with respect to sharing of operating and maintenance expenses, fees, and charges.

**Report On Internal Control Over Financial Reporting And  
On Compliance And Other Matters Based On An Audit Of  
Financial Statements Performed In Accordance With  
*Government Auditing Standards***

The Chairman and Board of Directors  
City of Albany Industrial Development Agency,  
a Component Unit of the City of Albany  
21 Lodge Street  
Albany, New York 12207

**Independent Auditors' Report**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the business-type activities of the City of Albany Industrial Development Agency, a Component Unit of the City of Albany (the "Agency") as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements and have issued our report thereon dated March \_\_, 2020.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **2019 Assessment of the Effectiveness of Internal Controls**

### **City of Albany Industrial Development Agency's ("IDA") Major Business Functions:**

The primary mission of the IDA is as follows:

*Assist in the enhancement and diversity of the economy of the City of Albany (the "City") by acting in support of projects in the City that create and/or retain jobs and/or promote private sector investment utilizing the statutory powers of the Agency as set forth under the provisions of the laws of the State of New York.*

No changes have occurred with respect to funding sources, mission or objectives of the IDA during 2019. Accomplishments, including financial status, committee accomplishments and legal requirements are outlined on a monthly basis via publically advertised and open meetings. Minutes of these meetings as well as supporting documents are maintained on the agency's website.

### **Risks Associated with IDA Operations:**

Public meeting rules are in place and regularly followed. The Chair of the Board of Directors is regularly engaged as are other board members. The Treasurer regularly reviews financial information which is then presented to the board at publically open meetings. Additionally, for both legal and financial aspects, IDA utilizes outside sources with expertise in the associated functions to lend additional controls. As such, risks are deemed to be low for all activities and functions within IDA. A review for 2019 finds no change to the differing levels of involvement and approval.

### **Internal Control Systems in Place**

There has been a longstanding set of policies, procedures and guidelines in place at the IDA that are designed to ensure the IDA's mission is carried out in full and to minimize risk. These items remained in place during 2019. Some of the key internal controls in place include:

- Public meeting and disclosure requirements are in effect and regularly followed.
- Board of Directors annually reviews and accepts the Agency policy manual and NYS PAAA policies.
- As noted previously, the use of external parties provides additional levels of internal control. Additionally, personnel with appropriate backgrounds and experience are utilized to help identify such items as legal or financial risks.
- Consistent reports are provided to management as well as the Treasurer and the full Board of Directors.
- The IDA annually has a financial audit. The financial audit provides an opinion on the financial statements and also includes the audit related assessment of internal controls.
- The Agency's board actions have addressed internal controls through review and adoption of policies and procedures within the Agency's policy manual. These policy and procedures include the following:
  - Annual Board adoption and review of Agency Policy Manual
  - Annual Board adoption and acceptance of NYS PAAA policies
  - Annual Board adoption and acceptance of PARIS reports
  - Annual Board adoption and review of Open Meetings and Conduct & Notification of Public Hearings policies

- Annual Board adoption and review of Project Monitoring & Enforcement and Agency Administrative & Other Fees policies
- Maintenance of website in accordance with the Agency's Access to Agency Records Policy
- Agency board has annually reviewed the Agency mission and Policy Manual to ensure the IDA's primary operations and functions will help fulfill its mission
- IDA staff is trained to understand the IDA objectives, functions, policies, procedures and guidelines
- Annual Board adoption and review of Conflicts of Interest Policy
- Annual Board adoption and review of financial records and Annual Financial Statement policy
- Monthly financial reports reviewed by Board of Directors
- Annual Board adoption and review of deposits & investments of Agency funds
- Annual Board adoption and review of Procurement policy
- Annual Board adoption and review of annual budget and budget policy
- Annual Board adoption and review of Agency property acquisition & disposition policies
- Annual external financial audit with Audit Committee oversight

#### **Extent to Which the Internal Control System is Effective**

Management has reviewed the internal control system for 2019 and finds that the items as outlined above remain in place and functioning as expected. The IDA's most recent financial audit (for the calendar year 2018 and the year ended December 31, 2018) identified no material weaknesses or significant deficiencies. Policies and procedures in place are deemed sufficient. As noted previously, IDA staff regularly reviews updates to pertinent rules.

#### **Corrective Action**

No specific corrective action is required at this time. Management consistently works to strengthen controls as possible.
