Section 1. Based upon an examination of the Project Qualification Documents and based further upon the Agency's knowledge of the area surrounding the Project and such further investigation of the Project and its economic effects as the Agency has deemed appropriate, the Agency makes the following findings and determinations with respect to the Project:

A. The Project is located in an area having a mixture of residential, not-for-profit, commercial, retail, and service uses.

B. The 2030 Plan makes the following comments/findings regarding housing in the City of Albany:

- Increase job opportunities for all residents.
- Encourage investment in urban land and historic buildings for employment and housing. The Project is seeking to obtain historic tax credits if approved through corresponding state and federal approval process.
- Provide a variety of housing types to meet the varied needs of Albany's households, including market, moderate and low income housing.
- Encourage diverse intergenerational housing. Diverse housing includes options for residents throughout different stages of life (e.g. students, couples, families with children, seniors) in the same neighborhood.

C. The Impact Downtown Albany Report makes the following commercial findings regarding housing in the City of Albany:

- Establish a greater critical mass of housing along Broadway.
- Encourage development proposals along Broadway compatible with a mixed-use pedestrian oriented setting.
