**Relevant Considerations:**

**Owner:** 488 Broadway Arcade, LLC, PO Box 6515, Albany, NY 12206

**Applicant:** Fairbank Properties, PO Box 6515, Albany, NY 12206

**Authorized Agent:** Hershberg & Hershberg, 18 Locust St., Albany, NY 12203

**Parcel size:** 0.45 acres.

**Property Valuation:** \$1,891,800.

**Location:** The property is located on the southwest corner of Broadway and Pine Street.

**Zoning:** C-3 (Central Business). The proposed use is a principally permitted use within the applicable district.

**Surrounding Uses:** *North:* Maiden Lane Park. *West:* 12,753 sq. ft. office/retail building of 27 No. Pearl St. LLC; 47-unit rooming house operated by Catholic Charities (Waldorf Residence). *East:* James T. Foley Federal Courthouse; Dormitory Authority of NYS. *South:* Parking areas of B J Partners Group LLC and Joseph Torani.

**Proposed Project:** The site is improved with a five-story commercial building with several retail partitions on the ground level and vacant, former office space on the upper

level. The total floor area is 82,241 square feet. The applicant proposes to restore commercial/retail tenancy to the ground level and install a total of 68 apartment units on the upper four floors. Floors two through five would each be improved with ten one-bedroom and seven studio apartments.

**Parking & Traffic:** The building currently occupies one hundred percent of the site area. There is no ability to provide parking at the site in question and the applicant does not propose guaranteed parking at off-site locations. There is no parking requirement specified within the City Zoning Ordinance for Central Business zoning district, so this is not required of the developer. Standard traffic calculations indicate that 73 AM peak hour and 161 PM peak hour trips could be attributed to a full occupied building improved with the proposed uses.

**Transit:** The project is well served by transit services being located within Downtown Albany.

**Pedestrian Accessibility:** The building currently has excellent pedestrian access with an indoor arcade and nine exterior entrances along the three street facing side of the building.

**Water/Sewer:** An 11,176 GPD increase in water usage is anticipated as a result of the proposed change in use. The applicant believes that the existing water and sewer service connections will be sufficient to serve the use but this will not become explicitly clear until the completion of the mechanical and plumbing plans. A backflow prevention device will be installed.

**Storm Water:** There will be no increase in impervious surface area at the site.

**Archeology:** There will be no on-site disturbances as a result of the project.

**Landscaping/Fencing:** The building covers the entire site area leaving little room for the provision of landscaping.

**Lighting:** Exterior building lighting would be subject to review and approval by the Historic Resources Commission. Nothing objectionable to this Board is proposed.

**Solid Waste:** Solid waste will be stored within the building until picked up curbside by a private hauler.

**Signage:** Not detailed. Exterior signage would be subject to review and approval by the Historic Resources Commission.

---

**Actions Taken:**

The Board issued a **Negative Declaration** for this **Unlisted Action** as per the provisions of SEQR, as the environmental impacts are negligible or non-existent.

The Board **Approved** the site plan with the following conditions:

1. **The applicant shall obtain final approval of the Department of Water & Water Supply.**

I, Edward Trant representing the Planning Board of the City of Albany, hereby certify that the foregoing is a true copy of a decision of the Planning Board made at a meeting thereof duly called and held on the day of June 20, 2013.

Section 1. Based upon an examination of the Project Qualification Documents and based further upon the Agency's knowledge of the area surrounding the Project and such further investigation of the Project and its economic effects as the Agency has deemed appropriate, the Agency makes the following findings and determinations with respect to the Project:

A. The Project is located in an area having a mixture of residential, not-for-profit, commercial, retail, and service uses.

B. The 2030 Plan makes the following comments/findings regarding housing in the City of Albany:

- Provide and maintain intergenerational life cycle housing options
- Encourage mixed income housing options throughout the City of Albany
- Promote quality affordable housing

C. That undertaking the Project is consistent with the 2030 Report and will assist and maintain current and future residential and commercial development and expansion in the neighborhood area.

D. The Company has informed representatives of the Agency that the Project is expected to create approximately twenty (20) full time permanent, private sector jobs.

E. The Company has informed representatives of the Agency that the Company is not aware of any adverse employment impact caused by the undertaking of the Project.

Section 2. Based upon the foregoing review of the Project Qualification Documents and based further upon the Agency's knowledge of the area surrounding the Project Facility and such further investigation of the Project and its economic effects as the Agency has deemed appropriate, the Agency makes the following determinations with respect to the Project:

A. That although the Project does constitute a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost, the Project is located in a "highly distressed area" (as defined in the Act).

B. That (1) the Project Facility will provide necessary infrastructure for area employers and businesses, (2) the completion of the Project Facility will have an impact upon the creation, retention and expansion of employment opportunities in the City of Albany and in the State of New York, and (3) the completion of the Project will assist in promoting employment opportunities and assist in preventing economic deterioration in the City of Albany and in the State of New York.

C. That the acquisition, reconstruction, renovation and installation of the Project Facility is essential to the retention of existing employment and the creation of new employment opportunities and is essential to the prevention of economic deterioration of businesses and neighborhoods located in the City of Albany.

D. That the Project constitutes a "commercial" project, within the meaning of the Act.

E. That the undertaking of the Project will serve the public purposes of the Act by preserving and creating permanent private sector jobs in the State of New York.

Section 3. Having reviewed the Public Hearing Report, and having considered fully all comments contained therein, and based upon the findings contained in Section 1 above, the Agency hereby determines to proceed with the Project and the granting of the financial assistance described in the notice of the

Public Hearing; provided, however, that no financial assistance shall be provided to the Project by the Agency unless and until the Mayor of the City of Albany, New York, as chief executive officer of the City of Albany, New York, shall, pursuant to Section 862(2)(c) of the Act, confirm the proposed action of the Agency with respect to the Project.

Section 4. This Resolution shall take effect immediately.

RE: City of Albany Industrial Development Agency  
Proposed Deviation from Uniform Tax Exemption Policy  
488 Broadway Arcade, LLC Project

Dear Ladies and Gentlemen:

This letter is delivered to you pursuant to Section 874(4)(c) of the General Municipal Law.

On September 19, 2013, City of Albany Industrial Development Agency (the “Agency”) adopted a resolution (the “Public Hearing Resolution”), pursuant to which the Agency agreed to accept an application (the “Application”) from 488 Broadway Arcade, LLC (the “Company”), which Application requested that the Agency consider undertaking a project (the “Project”) for the benefit of the Company, said Project to consist of the following: (A) (1) the acquisition of an interest in a parcel of land containing approximately .44 acres and located at 482 Broadway (Tax Map # 76.42-2-1) in the City of Albany, Albany County, New York (the “Land”), together with the existing facility located thereon containing approximately 75,000 square feet (the “Facility”), (2) the renovation and reconstruction of the Facility, and (3) the acquisition and installation therein and thereon of related fixtures, machinery, equipment and other tangible personal property, including without limitation, tenant improvement and finish (collectively, the “Equipment”) (the Land, the Facility, and the Equipment being collectively referred to as the “Project Facility”), all of the foregoing to be owned by the Company, to constitute a commercial/residential facility containing approximately 28 studio apartments, approximately 40 one bedroom residential apartments and approximately 12,000 square feet of rentable retail space and to be leased by the Company to various commercial and residential tenants and other directly and indirectly related activities; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the “Financial

Assistance”); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

The Agency’s Uniform Tax Exemption Policy (the “Policy”) provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: a 50% abatement in real property taxes on the Improvements in year one of the payment in lieu of tax agreement with a 10% per year decrease in such abatement over the term of the five year payment in lieu of tax agreement. Further, the Agency’s Policy provides that the amount of the assessed value of the Project Facility will change as the assessed value is established annually by the Assessor of the City of Albany..

In connection with the Application, the Company has made a request to the Agency (the “PILOT Request”) that the Agency enter into a payment in lieu of tax agreement (the “Proposed PILOT Agreement”) which terms would deviate from the Agency’s Uniform Tax Exemption Policy (the “Policy”). The Proposed Agreement would not provide any abatements for any special assessments levied on the Project Facility. The Proposed PILOT Agreement would provide that the Company be granted a twenty year payment in lieu of tax agreement on the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law. Under the terms of the Proposed PILOT Agreement, the Company will pay (a) a base PILOT payment equal to one hundred percent (100%) of the normal taxes due on the Land and the Facility (fixed at a base amount equal to \$1,000,000), and (b) an additional amount based on the increase in assessed value of the Project Facility (such increase in the assessed value due to the undertaking of the Project shall be referred to as the “Improvements”), such increased amount to be adjusted by the abatement as described as follows:

Years	Amount of Abatement on Increased Assessment
1 - 10	100%
11	85%
12	80%
13 - 20	75%
21 and thereafter	0%

The purpose of this letter is to inform you of such Pilot Request and that the Agency is considering whether to grant the Pilot Request and to approve a Proposed Pilot Agreement conforming to the terms of the Pilot Request. The Agency expects to consider whether to approve the terms of the Proposed Pilot Agreement at its meeting scheduled for December 19, 2013 at 12:15 p.m., local time at the offices of the Agency located at the office of the Agency located at the Albany Community Development Agency located at 200 Henry Johnson Boulevard in the City of Albany, Albany County, New York (the “Meeting”). As described later in this letter, during the meeting on December 19, 2013, the Agency will review the terms of the Pilot Request and, based on the discussions during such meeting the terms of the Pilot Request may be modified.

This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires written notice prior to the Agency taking final action with respect to the Proposed Pilot Agreement (if said Proposed Pilot Agreement may deviate from the provisions of the Agency’s Policy).

The Agency considered the following factors in considering the proposed deviation:

**1. The nature of the Project:** The Project involves the reconstruction and renovation of an existing building to be owned by the Company and leased to various tenants for commercial, retail and/or residential uses and other directly and indirectly related activities.

**2. The present use of the property:** One (1) parcel of land together with an existing building located thereon. The building is currently essentially vacant and was formerly utilized as a retail and office building complex.

**3. The economic condition of the area at the time of the request of the Company and the economic multiplying effect that the Project will have on the area:** At the time of the filing of the Application, the economic condition of the area in which the Project Facility is to be located is generally average to poor. The area is strategically targeted for adding downtown residential development, based on the presence of vacant or underutilized buildings to be converted, as well as the emerging residential projects that are occurring proximate to this building. This will create a neighborhood district, a goal of the City of Albany's economic development strategy; Capitalize Albany.

The Project will create approximately 55 construction jobs, thus generating revenue for the City of Albany and surrounding areas. The major positive impact of the Project is the creation of downtown housing, which is consistent with the downtown development plan of the City of Albany. New residents in the downtown area will provide economic growth for the business and entertainment facilities located in the downtown, and result in further residential development. Additional benefits created by the Project are described in the Application.

**4. The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:** The Project will create construction jobs over the approximately two-year construction period generating a payroll of over \$1,750,000.

The Company has estimated that the Project will create approximately 8 full-time jobs by the end of the second year of operation, and a total of 20 jobs by the end of the fifth year of operation. Further, the Company expects that the Project will also result in the retention and creation of employment in the retail, restaurant and entertainment operations located in the downtown..

**5. The estimated value of new tax exemptions to be provided:** The estimated value of the tax exemptions are the following: \$269,000, sales and use tax; \$87,500, mortgage recording tax; and \$6,983,404, real property taxes.

**6. The economic impact of the Proposed Pilot Agreement on affected tax jurisdictions:** The economic impact of the Project PILOT Agreement is positive as development of the Project Facility is expected to spur additional development in the downtown sections of the City of Albany.

**7. The impact of the Proposed Pilot Agreement on existing and proposed businesses and economic development projects in the vicinity:** The impact of the Project is a positive one on the community, as it creates rental housing in the area. In addition it will act to reduce the vacancy rate in downtown and increase the number of market rent residential projects in downtown, which is critical to building the market. This development will build investor and bank confidence in the market and will serve to attract additional mid and large scale residential redevelopment projects. The local restaurants and entertainment facilities will benefit from the undertaking of the Project.

**8. The amount of private sector investment generated or likely to be generated by the Proposed Pilot Agreement:** The investment by the Company in undertaking the Project is equal to approximately \$10,000,000.

**9. The effect of the Proposed Pilot Agreement on the environment:** It is likely that the Project will not have a significant effect on the environment.

**10. Project Timing:** It is anticipated that the Project will be accomplished in a timely fashion.

**11. The extent to which the Proposed Pilot Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:** It is not anticipated that the Project will have a tremendous burden upon the educational facilities for any school district within the City of Albany, Albany County. After the completion of the Project, the employment at the Project is not anticipated to generate a substantial burden on the highways of the City of Albany or the surrounding area. All necessary emergency medical and police services are available.

**12. Anticipated tax Revenues:** The Company has requested a deviation from the Policy in order to pass the real property tax savings on to the proposed tenants at the Project in the form of market lease payments.

**13. The extent to which the Proposed Pilot Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:** The benefit is a positive one economically, in that the Project will promote the development of the downtown of the City of Albany.

The Agency will consider the Proposed Pilot Agreement (and the proposed deviation from the Agency's Uniform Tax Exemption Policy) at the Meeting. The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Uniform Tax Exemption Policy. In accordance with Section 874(4)(c) of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.
