RE: Proposed Deviation from Uniform Tax Exemption Policy by
City of Albany Industrial Development Agency in connection
with its Proposed Sixty State Place, LLC Project

Gentlemen:

In May, 2011, Sixty State Place, LLC, a New York limited liability company (the "Company") presented an application (the "Application") to the Agency, a copy of which Application is on file at the office of the Agency, requesting that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project consisting of the following: (A) (1) the acquisition of an interest in a parcel of land having an address of 60 State Street in the City of Albany, Albany County, New York (the "Land"), together with an existing approximately 25,000 square foot, four story building (the "Existing Facility") located thereon, (2) the renovation and reconstruction of portions of the Existing Facility; and (3) the acquisition and installation therein and thereon of certain machinery and equipment (the "Equipment," and together with the Land and the Existing Facility, being collectively referred to as the "Project Facility"), all of the foregoing to be owned by the Company and leased to various tenants for commercial and residential purposes; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency (the "PILOT Request") that the Agency enter into a payment in lieu of tax agreement (the "Proposed PILOT Agreement")

Hon. Gerald D. Jennings, Mayor
Hon Michael G. Breslin, County Executive
Dr. Raymond Colucciello, Superintendent
August 8, 2011

which terms would deviate from the Agency's Uniform Tax Exemption Policy (the "Policy"). The Proposed Agreement would not provide any abatements for any special assessments levied on the Project Facility.

The Proposed PILOT Agreement would provide that the Company be granted a twenty year payment in lieu of tax agreement on the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law (collectively, with the Facility, the "Improvements"). The estimated payment terms of the Proposed PILOT Agreement are attached as Exhibit A to this letter.

The terms of the Proposed PILOT Agreement deviate from the Agency's Policy. The Policy provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: a 50% abatement in real property taxes on the Improvements in year one of the payment in lieu of tax agreement with a 10% per year decrease in such abatement over the term of the five year payment in lieu of tax agreement. Further, the Agency's Policy provides that the amount of the assessed value of the Project Facility will change as the assessed value is established annually by the Assessor of the City of Albany.

The purpose of this letter is to inform you of such PILOT Request and that the Agency is considering whether to grant the PILOT Request and to approve a Proposed PILOT Agreement conforming to the terms of the PILOT Request. The Agency expects to consider whether to approve the terms of the Proposed PILOT Agreement at its meeting scheduled for August 18, 2011 at 12:15 p.m., local time at the offices of the Agency located at 21 Lodge Street in the City of Albany, Albany County, New York (the "Meeting"). As described later in this letter, during the meeting on August 18, 2011, the Agency will review the terms of the PILOT Request and, based on the discussions during such meeting the terms of the PILOT Request may be modified.

This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires written notice prior to the Agency taking final action with respect to the Proposed PILOT Agreement (if said Proposed PILOT Agreement may deviate from the provisions of the Agency's Policy).

The Agency considered the following factors in considering the proposed deviation:

1. The nature of the proposed Project:

The Project involves the interior renovation and reconstruction of the building located at 60 State Street in downtown Albany. The Company is undertaking the Project in connection with the redevelopment of the project site.

2. The nature of the property before the undertaking of the Project:

The existing Facility is vacant and needs renovation in order to be suitable for leasing for commercial and residential uses.

3. The economic condition of the area at the time of the application and the economic multiplying effect that the Project will have on the area:

At the time of the filing of the Application, the economic condition of the area in which the Project Facility is located is generally average to poor. The Facility is vacant.

The development of the Project Facility will provide economic growth for the business and entertainment facilities located in the downtown, and result in further development. Additional benefits created by the Project are described in the Application.

4. The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:

The Project will create approximately 30-40 construction jobs over the approximately twenty-four (24) month construction period with a payroll of approximately \$2,500,000.

The Project will create approximately 85 full-time jobs within the first year of operation. Further, the resulting retention and creation of employment in the surrounding retail, restaurant and entertainment operations is expected to be significant.

5. The estimated value of tax exemptions to be provided:

As described in Exhibit A, the amount of estimated PILOT payments to be paid by the Company on the Project Facility are estimated to equal approximately \$589,958.

There would be no reduction in the current tax payments currently being paid with respect to the existing project site.

6. The economic impact of the Proposed PILOT Agreement on affected tax jurisdictions:

The economic impact of the Project PILOT Agreement is positive as the PILOT payments will increase as the assessed value of the Project Facility and the local tax rates increase. Further, as the abatement provided on the increase in assessed value relating to the Project is reduced beginning in Year 13, the total amount of PILOT payments payable to the local taxing jurisdictions will also increase.

In addition, the development of the Project Facility is expected to spur additional development in the downtown sections of the City of Albany.

7. The impact of the proposed Project on existing and proposed businesses and economic development projects in the vicinity:

The impact of the Project is a positive one on the community, as it creates provides for the substantial reconstruction of a historically significant building that is currently vacant in downtown Albany. This level and scale of development will improve the downtown economic climate. The local restaurants and entertainment facilities will benefit from the undertaking of the Project.

8. The amount of private sector investment generated or likely to be generated by the proposed Project:

The investment by the Company will be approximately \$6,500,000.

9. The effect of the proposed Project on the environment:

It is likely that the Project will not have a significant effect on the environment.

10. The likelihood of accomplishing the proposed Project in a timely fashion:

It is anticipated that the Project will be accomplished in a timely fashion.

11. The extent to which the Proposed PILOT Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:

It is not anticipated that the Project will have a tremendous burden upon the educational facilities for any school district within the City of Albany, Albany County. After the completion of the Project, the employment at the Project is not anticipated to generate a substantial burden on the highways of the City of Albany or the surrounding area. All necessary emergency medical and police services are available.

12. Anticipated tax revenues:

It is expected that sales tax and occupancy tax revenues will increase due to the undertaking of the Project.

13. The extent to which the Proposed PILOT Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:

The benefit is a positive one economically, in that the Project will promote the development of the downtown of the City of Albany.

The Agency will consider the Proposed PILOT Agreement (and the proposed deviation from the Agency's Policy) at the Meeting. The discussion at the Meeting will include a review of (a) the terms of the PILOT Request, (b) other projects where the Agency has approved a deviation from its Policy, and (c) the information contained in this letter and other materials provided by the Company supporting the PILOT Request. Based on the discussion at the Meeting, and the review of any comments received by the Agency with respect to the PILOT Request, the Agency may determine to modify the terms of the PILOT Request.

The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Policy. In accordance with Section 874 of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.
