APPLICANT: Columbia Development Companies c/o Hershberg & Hershberg
ADDRESS: 18 Locust St. Albany, NY 12203-2908

CASE NUMBER: 6-07, 704

Date of Site Plan Approval: 8/23/07
Meeting Date: 12/9/10
SEQR Determination: 2/21/08
Date of Decision: 12/9/10

Vote:	For Approval:	4	Fox:	Y	Trant:	Y
	Against:	0	Hancox:	Y		
	Abstain:	0	Pryor:	Y		

Relevant Considerations:

Owner/Applicant: Columbia Development Companies

Parcel size: 3.47 acres.

Location: The property in question is central to the Patroon Creek Office Park, located between Washington Avenue Extension, State Route 85 and Interstate 90, also adjacent to the Harriman State Office Campus.

Zoning: C-O (Commercial Office). A Parking Lot Permit to allow for the reconstruction of an existing parking lot to accommodate 455 vehicles as an accessory use to 2 new office buildings (455 & 555 Patroon Creek Blvd.) was granted by the Board of Zoning Appeals on 8/8/07. A Use Variance and Parking Lot Permit to allow for the construction of a drive-in bank in conjunction with the construction of a 63,000 square foot office building (455 Patroon Creek Blvd.) and a 273-space accessory parking lot was granted by the Board of Zoning Appeals on 11/23/10.

Surrounding Uses: *Northeast:* CDPHP Corporate Office Building. *West:* SEFCU Administrative Office. *Southeast:* The Alexandria Apartments. *Southwest:* First Niagara Eastern Regional Headquarters.

Proposed Project: The applicant previously obtained approval for a 63,000 square foot medical office and the other is a 35,000 square foot general office building. A surface parking lot with 465 parking spaces was proposed to serve the uses. The applicant has since completed construction of the 35,000 square foot building, which is now home to First Niagara's Regional Headquarters. The applicant has also completed construction of approximately 192 parking spaces in conjunction with the greater 465-space lot that is proposed. The parcel has also been subdivided into two separate tax lots – 455 and 555 Patroon Creek Boulevard.

The proposed amendment relates to a desire to add a drive-thru bank branch to the proposed 63,000 square foot medical office structure to be located at 455 Patroon Creek Boulevard.

SEQR status: A negative declaration was issued on 2/21/08. The proposed change does not necessitate a re-visitation of SEQR.

Traffic: The initial approval cited an anticipated increase in traffic. The City's Traffic Safety Division approved the original plans. There will be no substantive change from the original proposal, with the exception of a proposed drive-thru bank branch. Traffic impacts of the bank branch will be minimal.

Bike/Pedestrian/Transit: There is no transit service to the proposed location. No bicycle parking is proposed. Access to this area by either means is generally difficult, but is not further inhibited by the proposed building plans.

Water/Sewer: Public water supply is currently provided by to the site by the Albany Water Board through an 8-inch water main along the southeast side of the property. This area is served by the Albany County North Wastewater Treatment Plant transmitted by the Patroon Creek Intercepting Sewer. A new 8" sewer line will be connected to an existing manhole near the northwest corner of 255 Patroon Creek Boulevard. An easement to be dedicated to the Albany Water Board will run through the 255 and 455, 555 Patroon Creek parcels and laterals will be connected to the new buildings to provide service.

Stormwater: A stormwater detention basin was constructed and was sized based upon the full build out of the project.

Landscaping: No substantive changes to the original proposal.

Lighting: No substantive changes to the original proposal.

Solid Waste: No substantive changes to the original proposal.

Signage: The building will contain signage depicting the bank branches name and logo. The number 445 will also be featured on the building.

Actions Taken:

The Board **Approved** the Amendment to the Site Plan Approval

I, Edward Trant representing the Planning Board of the City of Albany, hereby certify that the foregoing is a true copy of a decision of the Planning Board made at a meeting thereof duly called and held on the day of December 9, 2010.

Date: **12/9/10** Signature: _____

RE: Proposed Deviation from Uniform Tax Exemption Policy by
City of Albany Industrial Development Agency in connection
with its Proposed Columbia Harriman 455 LLC Project

Gentlemen:

In November, 2010, Columbia Harriman 455 LLC, a New York limited liability company (the "Company") submitted an application (the "Application") to the Agency, a copy of which Application is on file at the office of the Agency, which Application requested that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project consisting of the following: (A) (1) the acquisition of an interest in a parcel of land containing approximately 3.53 acres having an address of 455 Patroon Creek Boulevard (tax map no. 53.00-1-13.2) in the City of Albany, Albany County, New York (the "Land"), (2) the construction on the Land of a building to contain approximately 63,000 square feet of space together with a surface parking facility and related amenities (collectively, the "Facility"), and (3) the acquisition and installation therein and thereon of certain machinery and equipment (the "Equipment"), all of the foregoing to be owned by the Company for use by the Company as retail offices, commercial, technology and medical uses and other directly and indirectly related activities; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency (the "PILOT

Request”) that the Agency enter into a payment in lieu of tax agreement (the “Proposed PILOT Agreement”) which terms would deviate from the Agency’s Uniform Tax Exemption Policy (the “Policy”). The Proposed Agreement would not provide any abatements for any special assessments levied on the Project Facility. The Proposed Pilot Agreement would (A) provide that the Company be granted a payment in lieu of tax agreement with a ten year term on the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law (collectively, with the Facility, the “Improvements”) with an abatement of 50% in year one of the Proposed Pilot Agreement with 5% per year increase over the term of the Proposed Pilot Agreement and (B) fix the assessed value on the Improvements in the Proposed PILOT Agreement (the “PILOT Assessed Value”) at \$6,060,000 for the term of the Proposed Pilot Agreement.

The terms of the Proposed Pilot Agreement deviate from the Agency’s Policy. The Policy provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: a 50% abatement in real property taxes on the Improvements in year one of the payment in lieu of tax agreement with a 10% per year increase over the term of the five year payment in lieu of tax agreement and the assessed value of the Improvements is not fixed.

The purpose of this letter is to inform you of such PILOT Request and that the Agency is considering whether to grant the PILOT Request and to approve a Proposed PILOT Agreement conforming to the terms of the PILOT Request. The Agency expects to consider whether to approve the terms of the Proposed PILOT Agreement at its meeting scheduled for May 6, 2011 at 12:15 p.m., local time at the offices of the Agency located at 21 Lodge Street in the City of Albany, Albany County, New York (the “Meeting”). As described later in this letter, during the meeting on May 6, 2011, the Agency will review the terms of the PILOT Request and, based on the discussions during such meeting the terms of the PILOT Request may be modified.

This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires written notice prior to the Agency taking final action with respect to the Proposed PILOT Agreement (if said Proposed PILOT Agreement may deviate from the provisions of the Agency’s Policy).

The Agency considered the following factors in considering the proposed deviation:

1. The nature of the proposed Project:

The Project involves the construction of a multi use building to be owned by the Company and leased to multiple tenants for use as retail offices, commercial, technology and medical offices and other directly and indirectly related activities.

2. The nature of the property before the undertaking of the Project:

A vacant lot.

3. The economic condition of the area at the time of the application and the economic multiplying effect that the Project will have on the area:

At the time of the application, the economic condition of the area in which the Project Facility is to be located is generally good. The Project will create jobs, both permanent and construction, thus generating revenue for the City of Albany and surrounding areas. Additional benefits created by the Project are described in the Application.

4. The extent to which the Project will create or retain permanent, private sector jobs and the

number of jobs to be created or retained and the salary range of such jobs:

The Project will create approximately 200 construction jobs over the approximately one-year construction period with a payroll of approximately \$3,277,575.

The Project will create approximately 200 full-time jobs within the first year of operation. The Company has indicated that they will make every effort to hire local labor to undertake the construction of the Facility. Summary information regarding the estimated average wage/salary per year for permanent full time jobs is included in the Application.

5. The estimated value of tax exemptions to be provided:

Based on an estimate of the assessed value of the Facility, the amount of PILOT payments on the Project Facility would start at approximately \$170,674 and end at \$380,961 over a 10-year period, resulting in approximately \$2,689,499 of PILOT payments paid by the Company.

Note also that the period and the amount of the real property tax abatement is similar to the benefits offered under Section 485-b of the Real Property Tax Law. In most jurisdictions, the real estate abatement provided under Section 485-b is available to any commercial user regardless of involvement by an industrial development agency. Further, the fixed PILOT Assessed Value was arrived at through discussions with the Agency staff, the City's Office of the Assessor and the Company.

6. The economic impact of the Proposed PILOT Agreement on affected tax jurisdictions:

It is anticipated that the office space will result in the creation of approximately 200 full-time positions in the area. It is anticipated up to 20% of these jobs will be staffed by City of Albany residents. These residents will continue to own homes and to pay school and property taxes. In addition, local retail and service industries will benefit from creation of new jobs within the community.

7. The impact of the proposed Project on existing and proposed businesses and economic development projects in the vicinity:

The impact of the Project is a positive one on the community, as it creates jobs in the community.

8. The amount of private sector investment generated or likely to be generated by the proposed Project:

The investment by the Company will be approximately \$12,161,646.

9. The effect of the proposed Project on the environment:

It is likely that the Project will not have a significant effect on the environment.

10. The likelihood of accomplishing the proposed Project in a timely fashion:

It is anticipated that the Project will be accomplished in a timely fashion.

11. The extent to which the Proposed PILOT Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:

It is not anticipated that the Project will have a tremendous burden upon the educational facilities for any school district within the City of Albany, Albany County. After the completion of the Project, the employment at the Project is not anticipated to generate a substantial burden on the highways of the City of Albany or the surrounding area. All necessary emergency medical and police services are available.

12. Anticipated tax revenues:

The Company has requested a deviation from the Policy in order to pass said tax savings on to the tenants at the Project in the form of lower lease payments. The benefit of the larger tax abatement under the Proposed Pilot Agreement will not accrue to the Company, but will instead accrue to the tenants at the Project, therefore, enticing these tenants to stay in the area. The creation of new jobs within the community will benefit the local retail and service industries.

13. The extent to which the Proposed PILOT Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:

The benefit is a positive one economically, in that the Project will create permanent, private sector jobs.

The Agency will consider the Proposed PILOT Agreement (and the proposed deviation from the Agency's Policy) at the Meeting. The discussion at the Meeting will include a review of (a) the terms of the PILOT Request, (b) other projects where the Agency has approved a deviation from its Policy, and (c) the information contained in this letter and other materials provided by the Company supporting the PILOT Request. Based on the discussion at the Meeting, and the review of any comments received by the Agency with respect to the PILOT Request, the Agency may determine to modify the terms of the PILOT Request.

The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Policy. In accordance with Section 874 of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.

If you have any questions or comments regarding the foregoing, please do not hesitate to contact me at the above telephone number.

Sincerely yours,

/s/ Michael J. Yevoli
