Resolution No. 0911-__

RESOLUTION DETERMINING THAT ACTION TO UNDERTAKE A PROJECT FOR THE BENEFIT OF PENTA ON BROADWAY LLC WILL NOT HAVE A SIGNIFICANT EFFECT ON THE ENVIRONMENT.

WHEREAS, City of Albany Industrial Development Agency (the "Agency") is authorized and empowered by the provisions of Chapter 1030 of the 1969 Laws of New York, constituting Title 1 of Article 18-A of the General Municipal Law, Chapter 24 of the Consolidated Laws of New York, as amended (the "Enabling Act") and Chapter 325 of the 1974 Laws of New York, as amended, constituting Section 903-a of said General Municipal Law (said Chapter and the Enabling Act being hereinafter collectively referred to as the "Act") to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of commercial facilities, among others, for the purpose of promoting, attracting and developing economically sound commerce and industry to advance the job opportunities, health, general prosperity and economic welfare of the people

of the State of New York, to improve their prosperity and standard of living, and to prevent unemployment and economic deterioration; and

WHEREAS, to accomplish its stated purposes, the Agency is authorized and empowered under the Act to acquire, construct and install one or more “projects” (as defined in the Act) or to cause said projects to be acquired, constructed and installed, and to convey said projects or to lease said projects with the obligation to purchase; and

WHEREAS, Penta on Broadway LLC, a New York limited liability company (the “Company”) presented an application (the “Application”) to the Agency, a copy of which Application is on file at the office of the Agency, requesting that the Agency consider undertaking a project (the “Project”) for the benefit of the Company, said Project consisting of the following: (A) (1) the acquisition of an interest in a parcel of real estate containing approximately .09 acres located at 522-524 Broadway in the City of Albany, Albany County, New York (the “Land”), together with the existing buildings located thereon containing in the aggregate approximately 18,000 square feet of space (the “Facility”), (2) the reconstruction and renovation of the Facility and (3) the acquisition and installation therein and thereon of certain machinery and equipment (the “Equipment”) (the Land, the Facility and the Equipment being hereinafter collectively referred to as the “Project Facility”), all of the foregoing to be owned and operated by the Company and leased to various tenants for residential and commercial uses and other directly and indirectly related activities; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency; and

WHEREAS, pursuant to Article 8 of the Environmental Conservation Law, Chapter 43-B of the Consolidated Laws of New York, as amended (the “SEQR Act”) and the regulations (the “Regulations”) adopted pursuant thereto by the Department of Environmental Conservation of the State of New York (collectively with the SEQR Act, “SEQRA”), the Agency must satisfy the requirements contained in SEQRA and the Regulations prior to making a final determination whether to undertake the Project; and

WHEREAS, to aid the Agency in determining whether the Project may have a significant effect upon the environment, the Company has prepared and submitted to the Agency an environmental assessment form (the “EAF”) with respect to the Project, a copy of which EAF was presented to and reviewed by the Agency at this meeting and a copy of which is on file at the office of the Agency; and

WHEREAS, the Agency has also received a notification of local action from the City of Albany Planning Board (the “Planning Board”), dated June 23, 2011, in which the Planning Board determined to issue a negative declaration pursuant to SEQRA with respect to the Project and a copy of such negative declaration is attached as Exhibit A (the “Planning Board SEQR Determination”); and

WHEREAS, pursuant to SEQRA, the Agency has examined the EAF in order to make a determination as to the potential environmental significance of the Project; and

WHEREAS, the Project does not appear to constitute a “Type I Action” (as said quoted term is defined in the Regulations), and therefore coordinated review and notification is optional with respect to the actions contemplated by the Agency with respect to the Project; and

WHEREAS, the Agency desires to conduct an uncoordinated review of the Project and to determine whether the Project may have a “significant effect on the environment” and therefore require the preparation of an environmental impact statement;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF CITY OF ALBANY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. Based upon an examination of the Application, the EAF, and the Planning Board SEQR Determination (collectively, the “Reviewed Materials”) and based further upon the Agency’s knowledge of the area surrounding the Project Facility and such further investigation of the Project and its environmental effects as the Agency has deemed appropriate, the Agency makes the following findings with respect to the Project:

A. The project (the “Project”) consists of the following: (A) (1) the acquisition of an interest in a parcel of real estate containing approximately .09 acres located at 522-524 Broadway in the City of Albany, Albany County, New York (the “Land”), together with the existing buildings located thereon containing in the aggregate approximately 18,000 square feet of space (the “Facility”), (2) the reconstruction and renovation of the Facility and (3) the acquisition and installation therein and thereon of certain machinery and equipment (the “Equipment”) (the Land, the Facility and the Equipment being hereinafter collectively referred to as the “Project Facility”), all of the foregoing to be owned and operated by the Company and leased to various tenants for residential and commercial uses and other directly and indirectly related activities; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency

B. No potentially significant impacts on the environment are noted in the Reviewed Materials, and none are known to the Agency.

Section 2. Based upon the foregoing investigation of the potential environmental impacts of the Project and considering both the magnitude and importance of each environmental impact therein indicated, the Agency makes the following findings and determinations with respect to the Project:

A. The Project constitutes an “Unlisted Action” (as said quoted term is defined in the Regulations) and therefore coordinated review and notification of other involved agencies is strictly optional. The Agency hereby determines not to undertake a coordinated review of the Project, and therefore will not seek lead agency status with respect to the Project;

B. The Project will result in no major impacts and, therefore, is one which will not cause significant damage to the environment. Therefore, the Agency hereby determines that the Project will not have a significant effect on the environment, and the Agency will not require the preparation of an environmental impact statement with respect to the Project; and

C. As a consequence of the foregoing, the Agency has decided to prepare a negative declaration with respect to the Project.

Section 3. The Chief Executive Officer of the Agency is hereby directed to prepare a negative declaration with respect to the Project, said negative declaration to be substantially in the form

and to the effect of the negative declaration attached hereto, and to cause copies of said negative declaration to be (A) filed in the main office of the Agency and (B) distributed to the Company.

Section 4. This Resolution shall take effect immediately.

The question of the adoption of the foregoing Resolution was duly put to a vote on roll call, which resulted as follows:

RE: Proposed Deviation from Uniform Tax Exemption Policy by
City of Albany Industrial Development Agency in connection
with its Proposed Penta on Broadway LLC Project

Gentlemen:

Penta on Broadway LLC, a New York limited liability company (the "Company") presented an application (the "Application") to the Agency, a copy of which Application is on file at the office of the Agency, requesting that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project consisting of the following: (A) (1) the acquisition of an interest in a parcel of real estate containing approximately .09 acres located at 522-524 Broadway in the City of Albany, Albany County, New York (the "Land"), together with the existing buildings located thereon containing in the aggregate approximately 18,000 square feet of space (the "Facility"), (2) the reconstruction and renovation of the Facility and (3) the acquisition and installation therein and thereon of certain machinery and equipment (the "Equipment") (the Land, the Facility and the Equipment being hereinafter collectively referred to as the "Project Facility"), all of the foregoing to be owned and operated by the Company and leased to various tenants for residential and commercial uses and other directly and indirectly related activities; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency (the "PILOT

Request”) that the Agency enter into a payment in lieu of tax agreement (the “Proposed PILOT Agreement”) which terms would deviate from the Agency’s Uniform Tax Exemption Policy (the “Policy”). The Proposed Agreement would not provide any abatements for any special assessments levied on the Project Facility. The Proposed PILOT Agreement would provide that the Company be granted a fifteen year payment in lieu of tax agreement on the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law. Under the terms of the Proposed PILOT Agreement, the Company will pay (a) a base PILOT payment equal to one hundred percent (100%) of the normal taxes due on the Land and the existing assessed value of the Facility, and (b) an additional amount based on the increase in assessed value of the Project Facility (such increase in the assessed value due to the undertaking of the Project shall be referred to as the “Improvements”), such increased amount to be adjusted by the abatement as described as follows:

Years	Amount of Abatement on Increased Assessment
1 - 10	100%
11	83.33%
12	66.67%
13	50.00%
14	33.33%
15	16.67%
16 and thereafter	0%

The actual amount of both the base PILOT payment and the additional amount described in clauses (a) and (b) above will vary over the term of the Proposed PILOT Agreement as the assessed value of the Land, the existing Facility and the Improvements change and as the tax rates of the local taxing entities change during the term of the Proposed PILOT Agreement.

The estimated payment terms of the Proposed PILOT Agreement are attached as Exhibit A to this letter.

The terms of the Proposed PILOT Agreement deviate from the Agency’s Policy. The Policy provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: a 50% abatement in real property taxes on the Improvements in year one of the payment in lieu of tax agreement with a 10% per year decrease in such abatement over the term of the five year payment in lieu of tax agreement.

As provided in the Agency’s Policy, the amount of the assessed value of the Project Facility is not fixed and will change as the assessed value is established annually by the Assessor of the City of Albany.

The purpose of this letter is to inform you of such PILOT Request and that the Agency is considering whether to grant the PILOT Request and to approve a Proposed PILOT Agreement conforming to the terms of the PILOT Request. The Agency expects to consider whether to approve the terms of the Proposed PILOT Agreement at its meeting scheduled for September 15, 2011 at 12:15 p.m., local time at the offices of the Agency located at 21 Lodge Street in the City of Albany, Albany County, New York (the “Meeting”). As described later in this letter, during the meeting on September 15, 2011, the Agency will review the terms of the PILOT Request and, based on the discussions during such meeting the terms of the PILOT Request may be modified.

This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires written notice prior to the Agency taking final action with respect to the Proposed PILOT Agreement (if said Proposed PILOT Agreement may deviate from the provisions of the Agency's Policy).

The Agency considered the following factors in considering the proposed deviation:

1. The nature of the proposed Project:

The Project involves the reconstruction and renovation of an existing building to be owned by the Company and leased to various tenants for commercial, retail and/or residential uses and other directly and indirectly related activities.

2. The nature of the property before the undertaking of the Project:

One (1) parcel of land together with an existing building located thereon. The building is currently vacant and was formerly used as commercial office space.

3. The economic condition of the area at the time of the application and the economic multiplying effect that the Project will have on the area:

At the time of the filing of the Application, the economic condition of the area in which the Project Facility is to be located is generally average to poor. The area is strategically targeted for adding downtown residential development, based on the presence of vacant or underutilized buildings to be converted, as well as the emerging residential projects that are occurring proximate to this building. This will create a neighborhood district, a goal of the City of Albany's economic development strategy; Capitalize Albany.

The Project will create construction jobs, thus generating revenue for the City of Albany and surrounding areas. The major positive impact of the Project is the creation of downtown housing, which is consistent with the downtown development plan of the City of Albany. New residents in the downtown area will provide economic growth for the business and entertainment facilities located in the downtown, and result in further residential development. Additional benefits created by the Project are described in the Application.

4. The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:

The Project will create approximately 9 construction jobs over the approximately one-year construction period with a payroll of approximately \$270,000.

The Company has estimated that the Project will create approximately 1 full-time job within the first year of operation. While the Project will not directly create significant new permanent employment, the Project is expected to result in the retention and creation of employment in the retail, restaurant and entertainment operations located in the downtown.

5. The estimated value of tax exemptions to be provided:

As described in Exhibit A to this letter, the amount of estimated PILOT payments on the Project Facility would start at approximately \$22,280 and end at \$90,142 over a 15-year period, resulting in approximately \$577,279 of PILOT payments paid by the Company.

Note also that the period and the amount of the real property tax abatement during the first 15 years of the term of the Proposed PILOT Agreement is similar to the benefits offered under Section 485-a of the Real Property Tax Law. The Company and the Project are eligible for the real property abatement program provided under Section 485-a of the Real Property Tax Law.

The balance of the payment terms were reviewed with the Company and determined based on the Company's business model, the rents to be paid by the potential tenants, the covenants and restrictions of the financing to be incurred by the Company to undertake the Project.

6. The economic impact of the Proposed PILOT Agreement on affected tax jurisdictions:

The economic impact of the Project PILOT Agreement is positive as the Company will be paying more PILOT payments than is currently being paid on the Project Facility. In addition, the development of the Project Facility is expected to spur additional development in the downtown sections of the City of Albany.

7. The impact of the proposed Project on existing and proposed businesses and economic development projects in the vicinity:

The impact of the Project is a positive one on the community, as it creates multi-family housing in the area. In addition it will act to reduce the vacancy rate in downtown and increase the number of market rent residential projects in downtown, which is critical to building the market. This development will build investor and bank confidence in the market and will serve to attract additional mid and large scale residential redevelopment projects. The local restaurants and entertainment facilities will benefit from the undertaking of the Project.

8. The amount of private sector investment generated or likely to be generated by the proposed Project:

The investment by the Company will be approximately \$1,468,700.

9. The effect of the proposed Project on the environment:

It is likely that the Project will not have a significant effect on the environment.

10. The likelihood of accomplishing the proposed Project in a timely fashion:

It is anticipated that the Project will be accomplished in a timely fashion.

11. The extent to which the Proposed PILOT Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:

It is not anticipated that the Project will have a tremendous burden upon the educational facilities for any school district within the City of Albany, Albany County. After the completion of the Project, the employment at the Project is not anticipated to generate a substantial burden on the highways of the City of Albany or the surrounding area. All necessary emergency medical and police services are available.

12. Anticipated tax revenues:

The Company has requested a deviation from the Policy in order to pass the real property tax savings on to the proposed tenants at the Project in the form of market lease payments.

13. The extent to which the Proposed PILOT Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:

The benefit is a positive one economically, in that the Project will promote the development of the downtown of the City of Albany.

The Agency will consider the Proposed PILOT Agreement (and the proposed deviation from the Agency's Policy) at the Meeting. The discussion at the Meeting will include a review of (a) the terms of the PILOT Request, (b) other projects where the Agency has approved a deviation from its Policy, and (c) the information contained in this letter and other materials provided by the Company supporting the PILOT Request. Based on the discussion at the Meeting, and the review of any comments received by the Agency with respect to the PILOT Request, the Agency may determine to modify the terms of the PILOT Request.

The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Policy. In accordance with Section 874 of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.
