WHEREAS, pursuant to Section 862(2)(b) of the Act, the Agency would be authorized to provide financial assistance in respect of the Project provided that the obligation of the Agency to proceed with the Project was subject to certain conditions, including (1) following compliance with the procedural requirements of Section 859-a of the Act, a finding by the Agency that the Project would preserve permanent, private sector jobs in the State of New York or increase the overall number of permanent, private sector jobs in the State of New York and (2) confirmation by the Mayor of the City of Albany of the proposed action by the Agency with respect to the Project; and

WHEREAS, having complied with the requirements of SEQRA and Section 859-a of the Act with respect to the Project, the Agency now desires, pursuant to Section 862(2)(c) of the Act, to make its final findings with respect to the Project and its final determination whether to proceed with the Project; and

WHEREAS, pursuant to Section 862(2) of the Act, prior to providing the Financial Assistance to the Project, the Mayor of the City of Albany, New York, as the chief executive officer of the City of Albany, New York, must confirm the proposed action of the Agency;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE CITY OF ALBANY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. Having reviewed the Application and such other items as the Agency deems pertinent pursuant to Section 862(2) of the Act, the Agency hereby finds and determines as follows:

(A) Although the Project does constitute a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost, the Project is located in a census tract constituting a “highly distressed area” (as defined in the Act) (or in a census tract adjacent to such a census tract);

(B) The granting of the Financial Assistance by the Agency with respect to the Project, through the granting of the various tax exemptions, will promote the job opportunities, health, general prosperity and economic welfare of the inhabitants of the City of Albany, New York and the State of New York and improve their standard of living, and thereby serve the public purposes of the Act;

(C) The completion of the Project will serve the public purposes of the Act by preserving permanent, private sector jobs or increasing the overall number of permanent, private sector jobs in the State of New York; and

(D) The Chief Executive Officer of the City of Albany, New York shall confirm the proposed action of the Agency.

Section 2. Having reviewed further the Application and such other items as the Agency deems pertinent pursuant to Section 862(2) of the Act, the Agency hereby finds and determines as follows:

(A) The Company has informed representatives of the Agency that the Project is expected to increase the overall number of permanent private sector jobs in the State of New York by preserving and/or creating 15 full time permanent, private sector jobs by the end of the first year of the completion of the Project.

(B) The Company has informed representatives of the Agency that the Company is not aware of any adverse employment impact caused by the undertaking of the Project.

Section 3. Based upon the findings made in Section 2 above, the Agency hereby determines that undertaking the Project will serve the public purposes of the Act by preserving and/or increasing the overall number of permanent private sector jobs in the State of New York.

Section 4. Having reviewed the Public Hearing Report, and having considered fully all comments contained therein, the Agency hereby further confirms the Agency's finding in that, although facilities or projects that are primarily used in making retail sales of goods or services to customers who personally visit such facilities may constitute more than one-third of the costs of the Project, the Agency is authorized to provide financial assistance with respect to the Project pursuant to Section 862(2)(a) of the Act because the Project is located in a census tract constituting a "highly distressed area" (as defined in the Act) (or in a census tract adjacent to such a census tract).

Section 5. Having reviewed the Public Hearing Report, and having considered fully all comments contained therein, and based upon the findings contained in Sections 1 through 4 above, the Agency hereby determines to proceed with the Project and the granting of the financial assistance described in the notice of the Public Hearing; provided, however, that no financial assistance shall be provided to the Project by the Agency unless and until the Mayor of the City of Albany, New York, as chief executive officer of the City of Albany, New York, shall, pursuant to Section 862(2)(c) of the Act, confirm the proposed action of the Agency with respect to the Project.

Section 6. This Resolution shall take effect immediately.

RE: Proposed Deviation from Uniform Tax Exemption Policy by
City of Albany Industrial Development Agency in connection
with its Tricentennial Properties LLC Project

Dear Ladies and Gentlemen:

In January, 2014, Tricentennial Properties LLC, a New York limited liability company (the "Company") submitted an application (the "Application") to the Agency, a copy of which Application is on file at the office of the Agency, which Application requested that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project consisting of the following: (A) (1) the acquisition of an interest in an approximately 0.36 acre portion of an approximately 85 acre parcel of land (Tax Map #s 53.00-1-71, 53.00-1-4, 53.00-1-33.1) located on the CNSE Campus off Fuller Road and Tricentennial Drive in the City of Albany, Albany County, New York (the "Land"), (2) the construction on the Land of an approximately 25,000 square foot building (the "Facility") and (3) the acquisition and installation therein and thereon of related fixtures, machinery, equipment and other tangible personal property, including without limitation, tenant improvement and finish (collectively, the "Equipment") (the Land, the Facility and the Equipment hereinafter collectively referred to as the "Project Facility"), all of the foregoing to be owned by the Company and leased to the Tech Valley High School (the "Tenant") for interdisciplinary academic uses and other directly and indirectly related activities; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency (the “PILOT Request”) that the Agency enter into a payment in lieu of tax agreement (the “Proposed PILOT Agreement”) which terms would deviate from the Agency’s Uniform Tax Exemption Policy (the “Policy”). The Proposed Agreement would not provide any abatements for any special assessments levied on the Project Facility. The Proposed PILOT Agreement would provide that the Company be granted a five year payment in lieu of tax agreement on the Land, the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law (collectively, with the Facility, the “Improvements”) with an abatement as described as follows:

Year	Amount of Abatement
1	100%
2	100%
3	100%
4	100%
5	100%
6 and thereafter	0%

The terms of the Proposed PILOT Agreement deviate from the Agency’s Policy. The Policy provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: a 50% abatement in real property taxes on the Improvements in year one of the payment in lieu of tax agreement with a 10% per year decrease in such abatement over the term of the five year payment in lieu of tax agreement.

As provided in the Agency’s Policy, the amount of the assessed value of the Project Facility is not fixed and will change as the assessed value is established annually by the Assessor of the City of Albany.

The purpose of this letter is to inform you of such PILOT Request and that the Agency is considering whether to grant the PILOT Request and to approve a Proposed PILOT Agreement conforming to the terms of the PILOT Request. The Agency expects to consider whether to approve the terms of the Proposed PILOT Agreement at its meeting scheduled for February 20, 2014 at 12:15 p.m., local time at the offices of the Agency located at 21 Lodge Street in the City of Albany, Albany County, New York (the “Meeting”). As described later in this letter, during the meeting on February 20, 2014, the Agency will review the terms of the PILOT Request and, based on the discussions during such meeting the terms of the PILOT Request may be modified.

This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires written notice prior to the Agency taking final action with respect to the Proposed PILOT Agreement (if said Proposed PILOT Agreement may deviate from the provisions of the Agency’s Policy).

The Agency considered the following factors in considering the proposed deviation:

1. The nature of the proposed Project:

The Project involves the construction of a building to be owned by the Company and leased to the Tech Valley High School for interdisciplinary academic uses and other directly and indirectly related activities

The Company has made the PILOT Request because the Project site currently is not subject to real property tax since the Project site is owned by Fuller Road Management Corporation. In

addition, the Company will be leasing all or a significant portion of the Facility to Tech Valley High School, a not-for-profit corporation that is not subject to real property taxes.

2. The nature of the property before the undertaking of the Project:

An approximately 0.36 acre portion of an approximately 85 acre parcel of land.

3. The economic condition of the area at the time of the application and the economic multiplying effect that the Project will have on the area:

At the time of the application, the economic condition of the area in which the Project Facility is to be located is generally good. The Project will create jobs, both permanent and construction, thus generating revenue for the City of Albany and surrounding areas. Additional benefits created by the Project are described in the Application.

4. The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:

The Project will create approximately 25 full time construction jobs over the approximately one-year construction period with a payroll of approximately \$819,393. The Company has indicated that they will make every effort to hire local labor to undertake the construction of the Facility.

Based on the Application, the Project will create approximately 15 full-time jobs within the first year of operation. Information regarding the estimated average wage/salary per year for a permanent full time job will be available at the Meeting.

5. The estimated value of tax exemptions to be provided:

Currently, the project site is not subject to any real property taxes because the site is owned by Fuller Road Management Corporation, a not-for-profit corporation. Based on an estimate of the assessed value of the Facility, the value of the real property tax exemption is estimated to equal approximately \$1,500,000. The value of the mortgage recording tax exemption and the sales tax exemption is equal to \$325,000 and \$94,037, respectively.

6. The economic impact of the Proposed PILOT Agreement on affected tax jurisdictions:

It is anticipated that the Project Facility will result in the creation of 15 full-time positions in the area. It is estimated that a portion of those positions will be staffed by City of Albany residents and these residents will continue to own homes and to pay school and property taxes in the City of Albany. Information regarding the number of City of Albany residents to be employed at the Project Facility will be available at the Meeting. In addition, local retail and service industries will benefit from creation of new jobs within the community.

7. The impact of the proposed Project on existing and proposed businesses and economic development projects in the vicinity:

The impact of the Project is a positive one on the community, as it creates jobs in the community.

8. The amount of private sector investment generated or likely to be generated by the proposed Project:

The investment by the Company will be approximately \$8,523,000. This investment does not include any investment by the Tenant to be located in the Facility.

9. The effect of the proposed Project on the environment:

It is likely that the Project will not have a significant effect on the environment.

10. The likelihood of accomplishing the proposed Project in a timely fashion:

It is anticipated that the Project will be accomplished in a timely fashion.

11. The extent to which the Proposed PILOT Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:

It is not anticipated that the Project will have a burden upon the educational facilities for any school district within the City of Albany, Albany County. After the completion of the Project, the employment at the Project is not anticipated to generate a substantial burden on the highways of the City of Albany or the surrounding area. All necessary emergency medical and police services are available.

12. Anticipated tax revenues:

The Company has requested a deviation from the Policy in order to pass said tax savings on to the Tenant at the Project in the form of lower lease payments. The benefit of the larger tax abatement under the Proposed PILOT Agreement will not accrue to the Company, but will instead accrue to the Tenant at the Project. The creation of new jobs within the community will benefit the local retail and service industries.

13. The extent to which the Proposed PILOT Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:

The benefit is a positive one economically, in that the Project will create permanent, private sector jobs.

The Agency will consider the Proposed PILOT Agreement (and the proposed deviation from the Agency's Policy) at the Meeting. The discussion at the Meeting will include a review of (a) the terms of the PILOT Request, (b) other projects where the Agency has approved a deviation from its Policy, and (c) the information contained in this letter and other materials provided by the Company supporting the PILOT Request. Based on the discussion at the Meeting, and the review of any comments received by the Agency with respect to the PILOT Request, the Agency may determine to modify the terms of the PILOT Request.

The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Policy. In accordance with Section 874 of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.

If you have any questions or comments regarding the foregoing, please do not hesitate to contact me at the above telephone number.

Sincerely yours,

CITY OF ALBANY INDUSTRIAL DEVELOPMENT
AGENCY
