Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

The City of Albany Planning Board concludes that the proposed project will not result in any significant environmental impacts.

WHEREAS, in Opinion of the State Comptroller Number 85-51, the State Comptroller indicated that the determination whether a project that consists of the construction of a multi-use facility including a 300-seat theatre, is a commercial activity within the meaning of the Act is to be made by local officials based upon all of the facts relevant to the proposed project, and that any such determination should take into account the stated purpose of the Act, that is, the promotion of employment opportunities and the prevention of economic deterioration; and

WHEREAS, to aid the Agency in determining whether the Project qualifies for Financial Assistance as a commercial project within the meaning of the Act, the Agency has reviewed the following (collectively, the “Project Qualification Documents”): (A) the Application, including the attached Cost Benefit Analysis; and (B) The Albany 2030 Plan; and

WHEREAS, the Agency has given due consideration to the Project Qualification Documents, and to representations by the Company that although the Project constitutes a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost, the Project is located within a census tract 2 in the City of Albany which census tract 2 is contiguous to census tracts 1, 3, 7 and 8, which are considered to be distressed census tracts and therefore the Project is in a “highly distressed area”, as that term is defined in Section 854(18) of the Act; and

WHEREAS, pursuant to Section 862(2)(b) of the Act, the Agency would be authorized to provide financial assistance in respect of the Project provided that the obligation of the Agency to proceed with the Project was subject to certain conditions, including (1) following compliance with the procedural requirements of Section 859-a of the Act, a finding by the Agency that the Project would preserve permanent, private sector jobs in the State of New York or increase the overall number of permanent, private sector jobs in the State of New York and (2) confirmation by the Mayor of the City of Albany of the proposed action by the Agency with respect to the Project; and

WHEREAS, having complied with the requirements of SEQRA and Section 859-a of the Act with respect to the Project, the Agency now desires, pursuant to Section 862(2)(c) of the Act, to make its final findings with respect to the Project and its final determination whether to proceed with the Project;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF CITY OF ALBANY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. Based upon an examination of the Project Qualification Documents and based further upon the Agency's knowledge of the area surrounding the Project and such further investigation of the Project and its economic effects as the Agency has deemed appropriate, the Agency makes the following findings and determinations with respect to the Project:

A. The Project is located in an area having a mixture of residential, not-for-profit, commercial, retail, and service uses.

B. The Project Qualification Documents make the following comments/findings regarding housing in the City of Albany:

- Encourage investment in urban land and buildings for employment and housing
- Increase job opportunities for all residents

C. That undertaking the Project is consistent with the Project Qualification Documents and will assist and maintain current and future residential and commercial development and expansion in the neighborhood area.

D. The Company has informed representatives of the Agency that the Project is expected to create approximately 6 full time permanent, private sector jobs.

E. The Company has informed representatives of the Agency that the Company is not aware of any adverse employment impact caused by the undertaking of the Project.

Section 2. Based upon the foregoing review of the Project Qualification Documents and based further upon the Agency's knowledge of the area surrounding the Project Facility and such further investigation of the Project and its economic effects as the Agency has deemed appropriate, the Agency makes the following determinations with respect to the Project:

A. That although the Project does constitute a project where facilities or property that are primarily used in making retail sales to customers who personally visit such facilities constitute more than one-third of the total project cost, the Project is located in a "highly distressed area" (as defined in the Act).

B. That (1) the Project Facility will provide necessary infrastructure for area employers and businesses, (2) the completion of the Project Facility will have an impact upon the creation, retention and expansion of employment opportunities in the City of Albany and in the State of New York, and (3) the completion of the Project will assist in promoting employment opportunities and assist in preventing economic deterioration in the City of Albany and in the State of New York.

C. That the acquisition, reconstruction, renovation and installation of the Project Facility is essential to the retention of existing employment and the creation of new employment opportunities and is essential to the prevention of economic deterioration of businesses and neighborhoods located in the City of Albany.

D. That the Project constitutes a "commercial" project, within the meaning of the Act.

E. That the undertaking of the Project will serve the public purposes of the Act by preserving and creating permanent private sector jobs in the State of New York.

Section 3. Having reviewed the Public Hearing Report, and having considered fully all comments contained therein, and based upon the findings contained in Section 1 above, the Agency hereby determines to proceed with the Project and the granting of the financial assistance described in the notice of the Public Hearing; provided, however, that no financial assistance shall be provided to the Project by

the Agency unless and until the Mayor of the City of Albany, New York, as chief executive officer of the City of Albany, New York, shall, pursuant to Section 862(2)(c) of the Act, confirm the proposed action of the Agency with respect to the Project.

Section 4. This Resolution shall take effect immediately.

WHEREAS, in November, 2018, TheRep, LLC, a New York State limited liability company (the “Company”), submitted an application (the “Application”) to the Agency, a copy of which Application is on file at the office of the Agency, which Application requested that the Agency consider undertaking a project (the “Project”) for the benefit of the Company, said Project consisting of the following: (A) (A)(1) the acquisition of an interest in an approximately 0.23 acre parcel of land located at 251-255 North Pearl Street in the City of Albany, Albany County, New York (tax map number 65.75-2-25) (the “Land”), together with an existing approximately 33,000 square foot building located thereon (the “Facility”), (2) the reconstruction and renovation of the Facility, and (3) the acquisition and installation therein and thereon of related fixtures, machinery, equipment and other tangible personal property (the “Equipment”) (the Land, the Facility, and the Equipment being collectively referred to as the “Project Facility”), all of the foregoing to be owned by the Company and operated as a multi-use facility including a 300-seat theatre, equipped with a box office, café, a 70-seat black box theatre, costume shop and administrative offices and any other directly and indirectly related activities and uses; (B) the granting of certain “financial assistance” (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real property transfer taxes and mortgage recording taxes (collectively, the “Financial Assistance”); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency; and

WHEREAS, by resolution adopted by the members of the Agency on November 15, 2018 (the “Public Hearing Resolution”), the Agency authorized a public hearing to be held pursuant to Section 859-a of the Act with respect to the Project; and

WHEREAS, pursuant to the authorization contained in the Public Hearing Resolution, the Chief Executive Officer of the Agency (A) caused notice of a public hearing of the Agency (the “Public Hearing”) pursuant to Section 859-a of the Act, to hear all persons interested in the Project and the financial assistance being contemplated by the Agency with respect to the Project, to be mailed on November 29, 2018 to the chief executive officers of the county and of each city, town, village and school district in which the Project Facility is to be located, (B) caused notice of the Public Hearing to be posted on November 29, 2018 at the Albany City Hall located at 24 Eagle Street in the City of Albany, Albany County, New York, as well as the Agency’s website, (C) caused notice of the Public Hearing to be published on December 1, 2018 in the Daily Gazette, a newspaper of general circulation available to the residents of the City of Albany, Albany County, New York, (D) conducted the Public Hearing on December 12, 2018 at 12:15 o’clock p.m., local time at offices of the Agency located at 21 Lodge Street in the City of Albany, Albany County, New York and (E) prepared a report of the Public Hearing (the “Public Hearing Report”) fairly summarizing the views presented at such Public

Hearing and caused copies of said Public Hearing Report to be made available to the members of the Agency; and

WHEREAS, pursuant to Article 8 of the Environmental Conservation Law, Chapter 43-B of the Consolidated Laws of New York, as amended (the “SEQR Act”) and the regulations (the “Regulations”) adopted pursuant thereto by the Department of Environmental Conservation of the State of New York (collectively with the SEQR Act, “SEQRA”), by resolution adopted by the members of the Agency on June 20, 2019 (the “SEQR Resolution”), the Agency (A) concurred in the determination that the City of Albany Planning Board (the “Planning Board”) is the “lead agency” with respect to SEQRA and (B) acknowledged receipt of a negative declaration from the Planning Board issued on February 26, 2019 (the “Negative Declaration”), in which the Planning Board determined that the Project would not have a significant adverse environmental impact on the environment, and therefore, that an environmental statement need not be prepared with respect to the Project; and

WHEREAS, by further resolution adopted by the members of the Agency on June 20, 2019 (the “Commercial/Retail Finding Resolution”), the Agency (A) determined that the Project constituted a “commercial project” within the meaning of the Act, (B) found that although the Project Facility appears to constitute a project where facilities or properties that are primarily used in making the retail sales of goods or services to customers who personally visit such facilities may constitute more than one-third of the costs of the Project, the Agency is authorized to provide financial assistance in respect of the Project pursuant to Section 862(2)(a) of the Act because the Project Facility is located in a highly distressed area, (C) determined, following a review of the Public Hearing Report, that the Project would serve the public purposes of the Act by preserving permanent private sector jobs in the State of New York, and (D) determined that the Agency would proceed with the Project and the granting of the Financial Assistance; provided however, that no financial assistance would be provided to the Project by the Agency unless and until the Mayor of City of Albany, as chief executive officer of City of Albany, New York, pursuant to Section 862(2)(c) of the Act, confirmed the proposed action of the Agency with respect to the Project; and

WHEREAS, in connection with the Project, the Company has requested that the Agency deviate from its uniform tax exemption policy with respect to the terms of the proposed payment in lieu of tax agreement to be entered into by the Agency with respect to the Project Facility, which proposed deviation is outlined in the letter dated June 10, 2019 (the “Pilot Deviation Letter”), a copy of which Pilot Deviation Letter is attached hereto as **Exhibit A**; and

WHEREAS, pursuant to Section 874(4) of the Act, prior to taking final action on such request for a deviation from the Agency’s uniform tax exemption policy, the Agency must give the chief executive officers of the City and each city, town, village and school district in which the Project Facility is located (collectively, the “Affected Tax Jurisdictions”) written notice of the proposed deviation from the Agency’s uniform tax exemption policy and the reasons therefor prior to the meeting of the Agency at which the members of the Agency shall consider whether to approve such proposed deviation; and

WHEREAS, on June 10, 2019, the Chief Executive Officer of the Agency sent a copy of the Pilot Deviation Letter to the Affected Tax Jurisdictions to notify the Affected Tax Jurisdictions of the proposed deviation from the Agency’s uniform tax exemption policy in connection with the Project; and

WHEREAS, by the Pilot Deviation Letter, the Chief Executive Officer notified the chief executive officers of the Affected Tax Jurisdictions of the proposed deviation from the Agency’s uniform tax exemption policy and further notified said chief executive officers that the members of the Agency would consider whether to approve such proposed deviation at this meeting;

RE: City of Albany Industrial Development Agency
Proposed Deviation from Uniform Tax Exemption Policy
TheRep, LLC Project

Dear Ladies and Gentlemen:

This letter is delivered to you pursuant to Section 874(4)(c) of the General Municipal Law.

In November, 2018, City of Albany Industrial Development Agency (the "Agency") received an application (the "Application") from TheRep, LLC (the "Company"), which Application requested that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project to consist of the following: (A)(1) the acquisition of an interest in an approximately 0.23 acre parcel of land located at 251-255 North Pearl Street in the City of Albany, Albany County, New York (tax map number 65.75-2-25) (the "Land"), together with an existing approximately 33,000 square foot building located thereon (the "Facility"), (2) the reconstruction and renovation of the Facility, and (3) the acquisition and installation therein and thereon of related fixtures, machinery, equipment and other tangible personal property (the "Equipment") (the Land, the Facility, and the Equipment being collectively referred to as the "Project Facility"), all of the foregoing to be owned by the Company and operated as a multi-use facility including a 300-seat theatre, equipped with a box office, café, a 70-seat black box theatre, costume shop and administrative offices and any other directly and indirectly related activities and uses; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency (the "Pilot Request") that the Agency enter into a payment in lieu of tax agreement (the "Proposed Pilot Agreement") which terms would deviate from the Agency's Uniform Tax Exemption Policy (the "Policy"). Pursuant to the Pilot Request, the Agency would (A) enter into a seven (7) year payment in lieu of tax agreement on the Land, the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law (collectively, with the Facility, the "Improvements") with an abatement as described as below and (B) provide a mortgage recording tax abatement. The Proposed Pilot Agreement would not provide any abatements for any special assessments levied on the Project Facility.

Year	Amount of Abatement
1	100%
2	100%
3	100%
4	100%
5	100%
6	100%
7	100%
8 and thereafter	0%

The Policy provides that, for a facility similar to the Project Facility, (A) the payments in lieu of taxes will normally be determined as follows: a 50% abatement in real property taxes on the improvements in year one of the payment in lieu of tax agreement with a 10% per year decrease in such abatement over the term of the five year payment in lieu of tax agreement, (B) the amount of the assessed value of the Project Facility will change as the assessed value is established annually by the Assessor of the City of Albany and (C) the mortgage recording tax would not be abated, unless the Agency deviated from its policy with respect to the payment by the Company of real property taxes.

The Company is undertaking the Project on behalf of Capital Repertory Company, a not-for-profit corporation (the "Applicant"). If the Applicant was undertaking the Project directly, the Project site would not be subject to any real property taxes because the Applicant is a not-for-profit corporation. The Applicant is using the Company to undertake the Project because the Applicant has determined to finance the Project with the proceeds of a tax credit financing. In order to provide for the tax credit financing, the owner of the Project Facility during the term of the financing must be a for-profit corporation. The impact of the Applicant's decision to use tax credit financing for the Project is to potentially subject the Project site to real property taxes. The Agency is considering this Pilot Request so as to eliminate that potential impact on the Applicant.

The purpose of this letter is to inform you of such Pilot Request and that the Agency is considering whether to grant the Pilot Request and to approve a Proposed Pilot Agreement conforming to the terms of the Pilot Request. The Agency expects to consider whether to approve the terms of the Proposed Pilot Agreement at its meeting scheduled for June 20, 2019 at 12:15 p.m., local time at the offices of the Agency located at 21 Lodge Street in the City of Albany, Albany County, New York (the "Meeting"). As described later in this letter, during the meeting on June 20, 2019, the Agency will review

the terms of the Pilot Request and, based on the discussions during such meeting the terms of the Pilot Request may be modified.

This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires written notice prior to the Agency taking final action with respect to the Proposed Pilot Agreement (if said Proposed Pilot Agreement may deviate from the provisions of the Agency's Policy).

The Agency considered the following factors in considering the proposed deviation:

1. **The nature of the Project:** The Project involves the renovation of an existing vacant building into a multi-use facility to include a 350-seat theater, box office, 70-seat black box theatre, costume shop and administrative offices to be owned and operated by the Company.

2. **The present use of the property:** The Project is located in the downtown area of the City of Albany and the project site is currently vacant.

3. **The economic condition of the area at the time of the request of the Company and the economic multiplying effect that the Project will have on the area:** At the time of the filing of the Application, the economic condition of the area in which the Project Facility is to be located is within the Clinton Square DRI Plan and The Impact Downtown Strategy. The area is also surrounded by distressed census tracts. Therefore, the area is strategically targeted for adding commercial/retail/residential development, based on the presence of vacant or underutilized buildings/real estate. This development is consistent with the Albany 2030 Plan.

The Project will create approximately sixty-nine (69) construction jobs, thus generating revenue for the City of Albany and surrounding areas. The major positive impact of the Project is the increase of activity in downtown Albany, which is consistent with aspects of the Albany 2030 Plan. Additional benefits created by the Project are described in the Application.

4. **The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:** The Project will create approximately six (6) new permanent jobs. The Project will create approximately sixty-nine (69) construction jobs.

The Company expects that the Project will also result in the (A) retention of twenty-five (25) full-time permanent jobs and (B) creation of employment in the retail, restaurant and entertainment operations located in the neighborhood.

5. **The estimated value of new tax exemptions to be provided:** The estimated value of the tax exemptions are the following: \$250,000, sales and use tax; \$85,000, mortgage recording tax; and \$894,663, real property taxes.

6. **The economic impact of the Proposed Pilot Agreement on affected tax jurisdictions:** The economic impact of the Project Pilot Agreement is positive as development of

the Project Facility is expected to spur additional development in the Clinton Square/Downtown area of the City of Albany.

7. The impact of the Proposed Pilot Agreement on existing and proposed businesses and economic development projects in the vicinity: The impact of the Project is a positive one on the community, as it creates additional development in the area. This development will continue the improvement in investor and bank confidence in the market and will serve to attract additional mid and large scale commercial/retail/residential development projects. The local restaurants and entertainment facilities will benefit from the undertaking of the Project.

8. The amount of private sector investment generated or likely to be generated by the Proposed Pilot Agreement: The investment by the Company in undertaking the Project is equal to approximately \$9,504,458.

9. The effect of the Proposed Pilot Agreement on the environment: The Project will not have a significant effect on the environment.

10. Project Timing: It is anticipated that the Project will be accomplished in a timely fashion.

11. The extent to which the Proposed Pilot Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services: It is not anticipated that the Project will have a significant burden upon the educational facilities for any school district within the City of Albany, Albany County. After the completion of the Project, the employment at the Project is not anticipated to generate a substantial burden on the highways of the City of Albany or the surrounding area. All necessary emergency medical and police services are available.

12. Anticipated tax revenues: It is anticipated that there will likely be additional sales tax revenues after Project completion relating to certain future operating activities at the Project and related multiplier impacts.

13. The extent to which the Proposed Pilot Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located: The Project aligns with the continuing development of the Clinton Square/Downtown area as well as the Albany 2030 Plan including: (a) encouraging investment in urban land and buildings for employment and housing; and (b) increase job opportunities for all residents.

The Agency will consider the Proposed Pilot Agreement (and the proposed deviation from the Agency's Uniform Tax Exemption Policy) at the Meeting. The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Uniform Tax Exemption Policy. In accordance with Section 874(4)(c) of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax

jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.
