

Request for Proposals for Residential Market Study

Addendum #2

Questions Submitted and Agency Responses

Release Date: May 2, 2022

- 1) Is there an anticipated budget?

No, however respondents are encouraged to be as efficient as possible.

- 2) If a Firm was to submit a Proposal to one of the other market study RFPs the IDA recently issued (please see <https://albanyida.com/crc/applications/rfps/> for more information), which could result in some scope overlap and possibly savings, how should that be reflected in the price?

Respondents should submit a Proposal for each RFP that includes a Fee Proposal independent of any other RFP. A note explaining any cost savings if awarded multiple RFPs can be included.

Each of the foregoing is added to and made part of this RFP. Any questions regarding this addendum may be submitted to info@albanyida.com.
