RE: City of Albany Industrial Development Agency  
Proposed Deviation from Uniform Tax Exemption Policy  
TRPS Lark LLC Project

Dear Ladies and Gentlemen:

This letter is delivered to you pursuant to Section 874(4)(c) of the General Municipal Law.

The City of Albany Industrial Development Agency (the "Agency") has received an application (the "Application") from TRPS Lark LLC (the "Company"), requesting that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project to consist of the following: (A) (1) the acquisition of an interest in approximately .27 acres of land located at 16 Morris Street (tax map number 76.31-1-74), 18 Morris Street (tax map number 76.31-1-73), 20 Morris Street (tax map number 76.31-1-72) and 353 Lark Street (tax map number 76.31-1-75) in the City of Albany, Albany County, New York (collectively, the "Land"), (2) the construction on the Land of an approximately 37,500 square foot, four story building (the "Facility") and (3) the acquisition and installation therein and thereon of related fixtures, machinery, equipment and other tangible personal property (the "Equipment") (the Land, the Facility, and the Equipment being collectively referred to as the "Project Facility"), all of the foregoing to be owned and operated by the Company as an approximately 40 unit residential apartment building, with parking to accommodate approximately 24 off-street leased parking spots and any other directly and indirectly related activities; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency (the "Pilot Request"). Pursuant to the Pilot Request, the Agency would (A) enter into a payment in lieu of tax

 Anne Savage, Board President

agreement (the "Proposed Pilot Agreement") which terms are described below and (B) provide the mortgage recording tax abatement. The Proposed Pilot Agreement would not provide any abatements for any special assessments levied on the Project Facility.

The Proposed Pilot Agreement will provide that the Company be granted a twenty (20) year payment in lieu of tax agreement with respect to the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law. Under the terms of the Proposed Pilot Agreement, the Company will pay (A) a base payment equal to one hundred percent (100%) of the normal taxes due on the site of the Project (the "Base Pilot Payment"), and (B) an additional amount based on the increase in assessed value of the Project Facility (such increase in the assessed value due to the undertaking of the Project shall be referred to as the "Improvements"), such increased amount to be adjusted by the abatement as described as follows:

<b>Years</b>	<b>Amount of Abatement on Increased Assessment</b>
1	90%
2	90%
3	90%
4	90%
5	90%
6	90%
7	90%
8	90%
9	90%
10	85%
11	80%
12	70%
13	60%
14	50%
15	45%
16	40%
17	30%
18	20%
19 and thereafter	0%

As noted in the table above, the abatement schedule is 18 years, with Year 1 of the abatement schedule beginning in the year following the completion of the construction of the Project. Currently the construction period is estimated to be for two (2) years.

For purposes of computing the Base Pilot Payment with respect to the Project Facility, the base assessed value will be equal to the current assessed value of the Project site, as determined by the Assessor of the City of Albany.

Beginning in Year 13, the Proposed Pilot Agreement will also provide that the amount of payments in lieu of taxes payable by the Company will be the greater of (A) the amount determined in accordance

Anne Savage, Board President

with the above paragraph, or (B) an amount equal to 11.5% of the gross rental revenue generated at the Project Facility.

The Policy provides that, for a facility similar to the Project Facility, (A) the payments in lieu of taxes will normally be determined as follows: a 50% abatement in real property taxes on the improvements in year one of the payment in lieu of tax agreement with a 10% per year decrease in such abatement over the term of the five year payment in lieu of tax agreement, (B) the amount of the assessed value of the Project Facility will change as the assessed value is established annually by the Assessor of the City of Albany and (C) the mortgage recording tax would not be abated, unless the Agency deviated from its policy with respect to the payment by the Company of real property taxes.

The purpose of this letter is to inform you of such Pilot Request and that the Agency is considering whether to grant the Pilot Request and to approve a Proposed Pilot Agreement conforming to the terms of the Pilot Request. The Agency expects to consider whether to approve the terms of the Proposed Pilot Agreement at its meeting scheduled for May 19, 2022 at 12:15 p.m., local time at the offices of the Agency located at 21 Lodge Street in the City of Albany, Albany County, New York (the "Meeting"). As described later in this letter, during the meeting on May 19, 2022, the Agency will review the terms of the Pilot Request and, based on the discussions during such meeting the terms of the Pilot Request may be modified.

This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires written notice prior to the Agency taking final action with respect to the Proposed Pilot Agreement (if said Proposed Pilot Agreement may deviate from the provisions of the Agency's Policy).

The Agency considered the following factors in considering the proposed deviation:

1. **The nature of the Project:** The Project involves the construction of an approximately 40 unit residential apartment complex and off-site parking to be owned and operated by the Company.
2. **The present use of the property:** The Project site is currently vacant.
3. **The economic condition of the area at the time of the request of the Company and the economic multiplying effect that the Project will have on the area:** At the time of the filing of the Application, the economic condition of the area in which the Project Facility is to be located is generally average. The area is also surrounded by distressed census tracts. Therefore, the area is strategically targeted for adding residential development, based on the presence of vacant or underutilized buildings/real estate. This development is consistent with the Albany 2030 Plan.
4. **The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:** The Project will also create approximately one hundred sixty-five (165) construction jobs and the Company has committed to Regional Labor for 90% of the work force.

The Honorable Daniel P. McCoy  
The Honorable Kathy M. Sheehan  
Kaweeda G. Adams, Superintendent  
Anne Savage, Board President  
May 9, 2022  
Page 4

The Company expects that the Project will also result in the retention and creation of employment in the retail, restaurant, entertainment, service and office operations located in the surrounding area.

**5. The estimated value of new tax exemptions to be provided:** The estimated value of the tax exemptions are the following: \$240,000, sales and use tax; \$49,000, mortgage recording tax; and \$2,384,517 real property taxes.

**6. The economic impact of the Proposed Pilot Agreement on affected tax jurisdictions:** The economic impact of the Proposed Pilot Agreement is positive as development of the Project Facility is expected to increase the level of activity in the Park South neighborhood, thereby promoting the retention of existing jobs.

**7. The impact of the Proposed Pilot Agreement on existing and proposed businesses and economic development projects in the vicinity:** The Project will increase the consumer base to support local business and employers. The Project will have a positive revitalizing effect on the community by developing currently vacant parcels in a strategically identified neighborhood location. The Project meets the intent and furthers the implementation of following the City of Albany strategic initiatives Albany 2030.

**8. The amount of private sector investment generated or likely to be generated by the Proposed Pilot Agreement:** The investment by the Company in undertaking the Project is equal to approximately \$4,900,000.

**9. The effect of the Proposed Pilot Agreement on the environment:** The Project will not have a significant effect on the environment.

**10. Project Timing:** It is anticipated that the Project will be accomplished in a timely fashion.

**11. The extent to which the Proposed Pilot Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:** It is not anticipated that the Project will have a significant burden upon the educational facilities for any school district within the City of Albany, Albany County. After the completion of the Project, the employment at the Project is not anticipated to generate a substantial burden on the highways of the City of Albany or the surrounding area. All necessary emergency medical and police services are available.

**12. Anticipated tax Revenues:** It is anticipated that there will likely be additional sales tax revenues after Project completion relating to certain future operating activities at the Project and related multiplier impacts.

**13. The extent to which the Proposed Pilot Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:** The Project aligns with the continuing development of the Park South

neighborhood as well as the Albany 2030 Plan including: encouraging investment in urban land and buildings for employment and housing.

The Agency will consider the Proposed Pilot Agreement (and the proposed deviation from the Agency's Uniform Tax Exemption Policy) at the Meeting. The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Uniform Tax Exemption Policy. In accordance with Section 874(4)(c) of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.

If you have any questions or comments regarding the foregoing, please do not hesitate to contact me at the above telephone number.
