Chair Darius Shahinfar called the Finance Committee meeting of the IDA to order at 12:16 p.m. at 21 Lodge St., Albany, NY.

### **Roll Call, Reading and Approval of Minutes of the February 8, 2023, Finance Committee Meeting**

A roll call of the Committee members present was held. Finance Committee Chair Darius Shahinfar reported that all Committee members were present with the exception of Chris Betts. Since the minutes of the previous meeting had been distributed to the Committee in advance for review, Mr. Shahinfar asked for a motion to dispense with their reading and approve the minutes of the Finance Committee meeting of February 8, 2023. A motion was made by Elizabeth Staubach and seconded by Anthony Gaddy to accept the minutes as presented. The motion to accept the minutes as presented was passed with all present members voting aye.

### **Report of Chief Financial Officer**

None.

### **Unfinished Business**

#### IndusPAD-Flair, LLC (38 Corporate Circle)

Staff reviewed the IndusPAD-Flair, LLC project and provided a brief background. Staff noted that a public hearing was held prior to the Committee meeting and no comments from the public were received. The project is located at 38 Corporate Circle, off New Karner Road in Albany. This project involves the construction of a +/- 75,000 SF warehouse facility that will also include 5,000 SF of office space. The structure will serve as a distribution facility for FYE, the tenant. The applicant is requesting sales and use tax exemptions and a mortgage recording tax exemption, the latter of which is expected to be realized at the conversion of the construction loan to a permanent financing. Representatives from the applicant team were present to answer questions from the Committee. Staff and the committee discussed the merits of the project including that this distribution center will be built on vacant land and an environmental assessment determined the project will not significantly impact the Pine Bush Preserve. The project is expected to

create 22 new jobs, retain 13 jobs and create 49 new construction jobs.

A motion was made by Lee Eck to positively recommend the Approving Resolutions to the Board regarding the IndusPAD-Flair, LLC project and was seconded by Elizabeth Staubach. A vote being taken, the motion passed with all members voting aye.

## **New Business**

### Conference Room IT Upgrade - ITS

Staff discussed the need to upgrade the videoconferencing equipment in the conference room to enhance the Agency's livestreaming capabilities and reviewed a proposal from Intelligent Technology Solutions (ITS) for the upgrade. Pursuant to an annual agreement between Capitalize Albany and ITS, ITS manages all of the computers, security protocols and telecom equipment that are connected to their network. As part of the agreement, ITS competitively procures the purchase of new equipment through its unique relationships with manufacturers to ensure that they are offering the most competitive prices for equipment. Given the specialized professional services and the fact that ITS competitively procures new equipment, staff is recommending that the Agency forego a competitive solicitation and directly enter into an agreement with ITS to purchase and install the new equipment. The request seeks approval for up to \$10,500 for the equipment upgrade. It was noted that IT upgrades were contemplated in the preparation of the 2023 Budget and would be a capitalized expense for the Agency.

A motion was made by Anthony Gaddy to positively recommend the conference room IT upgrade from Intelligent Technology Solutions, Inc. and was seconded by Lee Eck. A vote being taken, the motion passed with all members voting aye.

## **Other Business**

### Agency Update

Staff provided an update on the City of Albany Inclusionary Zoning policy, which was recently approved by the Common Council. The new policy would significantly increase the required percentage of affordable housing units to be set-aside in multi-family commercial projects with 20 units or more. Staff provided detailed analyses to the Common Council, which were made publicly available, highlighting concerns about the ability of projects to financially support the proposed inclusionary levels based on data that was compiled. Staff reported that the Mayor had vetoed the legislation in February and a procedural error was discovered that necessitated the legislation be returned to the Planning, Economic Development and Land Use Committee of the Common Council in March, as it was not properly posted with the Albany County Planning Board. Staff reported that they had been participating in meetings between some of the regions multi-family housing developers and various Common Council members to review analyses previously prepared by staff and provided to the Council prior to the original vote. The proposed inclusionary zoning percentages will be factored into the assumptions as part of the analytical update to the Project Evaluation and Assistance Framework. It is expected the legislation will be revisited by the Council on March 20<sup>th</sup>.

### Compliance Update

Staff provided an overview and update on the 2022 Annual Compliance and jobs reporting data, noting an in-depth review was provided at the March 6<sup>th</sup> Audit Committee meeting. As currently reported, there are 72 active straight lease projects 92% of which have reported at least a draft version. Of the 66 projects that have reported to date, 13 of those are reporting jobs figures below 80% of the number originally projected. Of those 13 underreporting projects, only 5 are subject to a recapture provision tied to job creation. Staff expects to finalize the annual report over the course of the next few weeks prior to the March 31<sup>st</sup> submission deadline.

There being no further business, Chair Shahinfar called for a motion to adjourn the meeting. Upon a motion made by Elizabeth Staubach and seconded by Anthony Gaddy, the meeting of the Finance Committee was adjourned at 12:34 p.m.

Respectfully submitted,

---

Anthony Gaddy, Secretary

Re: Request for IDA Assistance for 48 North Pearl Street Project

Dear Ms. Staubach:

Attached is a completed application, as well as the appropriate supplementary material required by the City of Albany Industrial Development Agency for consideration of financial assistance associated with the 48 North Pearl Street LLC Project.

The Project consists of the acquisition of the land and improvements at 48 North Pearl Street, City and County of Albany, State of New York, renovation of the existing  $\pm 21,000$  sf vacant building and construction of an additional  $\pm 14,000$  sf addition to the existing building. The Project will result in 20 multifamily housing units and  $\pm 12,000$  sf of commercial/retail space and acquisition of various personal property and furniture, fixtures and equipment. The Project will be constructed over an approximate 1 year period of time.

However, without the Agency's financial assistance, this Project is not viable. Therefore, as detailed in the Application, the Applicant is requesting exemptions from New York State sales and use taxes relating to the construction and fit up of the Project and mortgage recording taxes in connection with the financing of the Project and a payment in lieu of tax agreement.

We are in receipt of the City of Albany Industrial Development Agency Project Evaluation and Assistance Framework and have reviewed the Summary of Baseline Eligibility Requirements and Community Benefits Metrics. We believe the Project satisfies all the Baseline Requirements and ten (10) of the Community Benefit Metrics. The ten (10) Community Benefit Metrics are as follows: (i) BID, (ii) Downtown (iii) Neighborhood Plan, (iv) Downtown Residential, (v) Financial Commitment between 2.5M– 10 M, (vi) Community Commitment of Regional Labor, (vii) Community Commitment City of Albany Labor, (viii) 3-40 permanent jobs, (ix) 6-80 construction jobs (x) Conversion to Residential.

The Project is located at on North Pearl Street. The existing building located on the land is vacant and run down and located within a residential/commercial area. The Applicant seeks to enhance the existing area by creating additional residential opportunities with new and improved retail facilities to serve the project residents as well as residents in the community.

The Project will generate additional sales tax and property tax revenue for the City of Albany. The construction of additional residential housing in the City will have an indirect

positive impact on jobs and businesses in the surrounding area. The Applicant is requesting assistance from the Agency in order to be able to provide housing in the City which is consistent with current trends to attract young professionals, graduate students, and empty-nesters to the City.

Please do not hesitate to contact me if you should have any questions or find additional information is needed. I look forward to working with the Agency on this Project.

Sincerely,

48 North Pearl Street LLC

*\*PILOT payments may not to fall short of \$675 per door or .97 per Square Foot as applicable from Framework*

Please note that after year twelve (12) of any Multi-Family Commercial PILOT, a bifurcated structure commences whereby projects shall pay the greater of: (a) scheduled pilot payments as stated by assistance schedule or (b) 11.5% of gross revenue.

Notwithstanding anything herein to the contrary, if the project consists of an **affordable housing project**, the applicant shall make annual payments in lieu of property taxes pursuant to the PILOT Agreement with respect to the project as follows: (i) An amount equal to ten percent (10%) of the shelter rents (rents, excluding the component thereof, if any, attributable to energy and utility costs paid by the applicant) payable by the tenants in connection with the housing project.

If the applicant is requesting assistance that is a deviation from the Agency's UTEP, please refer to the Agency's Project Evaluation and Assistance Framework to determine the appropriate, potential standard deviation abatement schedule: <http://albanyida.com/wp-content/uploads/2012/03/CAIDA-PILOT-Program-Board-Revised-1.pdf>

<sup>3</sup> The figures in this column assume that the Project is completed as described in the Application and without the involvement of the Agency and, therefore, subject to real property taxes. However, as provided in this Application, the Applicant has certified that it would not undertake the Project without the financial assistance granted by the Agency. Accordingly, this column is prepared solely for the purpose of determining the estimated amount of the real property tax abatement being granted by the Agency.

If the Applicant is requesting assistance that is greater than the Agency's standard UTEP deviations identified in the Project Evaluation and Assistance Framework, describe the incentives and provide a justification for this PILOT request:

The applicant originally purchased this facility in 2017. It was purchased as a commercial/retail facility. Unfortunately one of the retail tenants ceased paying rent and the Trustee for the Bankruptcy Court consolidated offices and vacated the building. The applicant desired to renovate the building and create multifamily housing which is much needed in the City of Albany. However, as a result of COVID, supply chain disruptions, increases in material costs, decrease in the availability of labor, the project has been on hold for a while. The applicant was in the process of getting the project back on track and now interest rates have increased. In order to get this project going in the right direction financial assistance is needed from the Agency.

**B) Sales and Use Tax Benefit:**

*Note: The figures below will be provided to the New York State Department of Taxation and Finance and represents the maximum amount of sales and use tax benefit that the Agency may authorize with respect to the application.*

For a definition of products, services, and transactions subject to sales tax see the following links:

<sup>5</sup> The Mortgage Recording Tax in Albany County is equal to 1.25%. However, the Agency is authorized under the IDA Statute to exempt only 1.00%.

**XIII. COST BENEFIT ANALYSIS**

In order for the City of Albany Industrial Development Agency (the "Agency") to prepare a Cost/Benefit Analysis for a proposed project (the "Project"), the Applicant must answer the questions contained in this Project Questionnaire (the "Questionnaire"). **Re: 48 N Pearl Street**

Dear Mr. Corcione:

At your request, we have reviewed the information which was previously presented to the Planning Board for the City of Albany and assessed the hypothetical project as if it currently existed and was operational today.

Based on principles consistent with the income capitalization methodology utilized by this office for similar properties throughout the City, below is the current total assessed value for the subject property, consistent with the assumption that the property was in an "as-stabilized" condition as of March 1, 2023 and its value estimate was as of July 1, 2022.

**\$2,256,000**

For greater clarity, it must be noted that the above total assessed value estimate is provided under the extraordinary assumptions that the improvements are completed in accordance with the application(s) presented information and are leased to a stabilized occupancy at market rents at the above date of valuation corresponding to the end of the projected absorption period after the projected date of completion.

As such, all information obtained from applicant is assumed to be true, correct and reliable and the total assessed value set forth above was predicated, in large measure, based on such data. However, it should be noted that this value may not be valid in other time periods or as conditions change. If new information of significance is brought to this office, the above total assessed value would be subject to change, consistent with such new information.

We trust that the foregoing is sufficient for the IDA's needs. If you have any questions and/or require additional clarification, please do not hesitate to contact us.

Sincerely,

Trey Kingston, Esq.  
Assessor, City of Albany
