(F) <u>Agency Review of Recapture Determination</u>. (B) <u>Thereafter</u>. If the Company shall fail to make any payment required by this Uniform Agency Project Agreement when due and such delinquency shall continue beyond the thirty days after such notice, the Company's obligation to make the payment so in default shall continue as an obligation of the Company to the Agency until such payment in default shall have been made in full, and the Company shall pay the same to the Agency together with (1) a late payment penalty of one percent (1%) per month for each month, or part thereof, that the payment due hereunder is delinquent beyond the first month, plus (2) interest thereon, to the extent permitted by law, at the greater of (a) one percent (1%) per month, or (b) the rate per annum which would be payable if such amount were delinquent taxes, until so paid in full.

RECAPTURE BENEFITS POLICY

PART 25

POLICY RESPECTING RECAPTURE OF PROJECT BENEFITS

SECTION 2501. PURPOSE AND JUSTIFICATION. (A) The purpose of this Policy is to outline the procedures utilized by City of Albany Industrial Development Agency (the "Agency") to review compliance with (1) the requirements of the Agency relating to job creation and/or retention, other expected public benefits and reporting and (2) the requirements of the State of New York (the "State") relating to sales tax exemptions and reporting.

(B) The Agency was created pursuant to Section 903-a of Title 2 of Article 18-A of the General Municipal Law and Title 1 of Article 18-A the General Municipal Law (collectively, the "Act") for the purpose of promoting employment opportunities for, and the general prosperity and economic welfare of, residents of the City of Albany and the State. Under the Act, the Agency was created in order to advance the job opportunities, health, general prosperity, and economic welfare of the residents of the City") and of the State.

(C) The Agency has been advised that a number of other industrial development agencies have adopted policies that (1) contain provisions allowing the industrial development agency to recapture certain financial benefits provided by said agency to a project applicant if said project applicant does not fulfill certain job creation promises contained in its application or fails to fulfill certain other promises made to said agency and (2) allow said agency to take into account exigent circumstances in deciding whether to exercise these provisions respecting the recapture of said financial benefits.

(D) Chapter 59 of the Laws of 2013 (Part J), effective March 28, 2013 (the "2013 Budget Law"), enacted March 28, 2013, established new recordkeeping, reporting, and recapture requirements for industrial development agency projects that receive sales tax exemptions.

(E) The new sales tax recording and reporting requirements required by the 2013 Budget Law include the following: (1) a requirement to keep records of the amount of sales tax benefits provided to each project and make those records available to the State upon request; (2) a requirement to report to the State, within 30 days after providing financial assistance, the amount of sales tax benefits intended to be provided to a project; and (3) a requirement that the Agency post on the internet and make available without charge copies of its resolutions and agreements appointing an agent or project operator or otherwise related to any project it establishes. A project operator ("Project Operator") is appointed by the Agency through the filing of form ST-60 with the New York State Department of Taxation and Finance.

(F) The 2013 Budget Law requires that the Agency recapture State sales tax benefits where: (1) the project is not entitled to receive those benefits; (2) the exemptions exceed the amount authorized or are claimed for unauthorized property or services; or (3) the Project Operator failed to use property or services in the manner required by its agreements with the Agency.

(G) For purposes of this Policy, with respect to a particular calendar year and a particular project, the term "financial assistance" shall include the following:

(1) Proceeds of debt obligations issued by the Agency with respect to said project have been disbursed during the calendar year in question.

(2) Any tax exemption or abatement (a) which may have directly or indirectly benefitted the project or Project Operator shall during such calendar year and (b) which resulted from (i) the Agency's title to, possession of or, control of or other interest in said project, or (ii) the designation by the Agency of said project occupant (or any sublessee, contractor, supplier or other operator of the project) as an agent of the Agency.

(3) Any grant made by the Agency with respect to said project or Project Operator shall during such calendar year.

(4) Any loan made by the Agency with respect to said project or Project Operator shall during such calendar year.

(H) For purposes of this Policy, with respect to a particular project, the term "Project Agreements" shall mean the project documents between the Agency and an applicant with respect to the applicant's project. In addition to a lease agreement or installment sale agreement between the Agency and the applicant, the Project Agreements may also include a payment in lieu of tax agreement, a project agreement, and one or more recapture agreements, as well as security agreements intended to ensure compliance by the applicant with the requirements of the Project Agreements.

SECTION 2502. REQUIREMENTS FOR APPLICANTS. (A) Under the Act, the Agency is required to submit certain annual reports relating to Agency projects to the New York State Office of the Comptroller. In order to satisfy its annual reporting requirements and other requirements under the Act and certain other requirements imposed by the Act, as well as the new requirements imposed upon the Agency by the 2013 Budget Law, the Agency will require each applicant for financial assistance from the Agency agree to satisfy the following requirements as a condition to the receipt of such financial assistance:

(1) Any applicant requesting a sales tax exemption from the Agency must include in the application a realistic estimate of the value of the savings anticipated to be received by the applicant. Each applicant is hereby warned to provide a realistic estimate in the application, as the 2013 Budget Law and the regulations expected to be enacted thereunder are expected to require that the Agency recapture any benefit that exceeds the greater of (a) the amount listed in said application or (b) authorized by the Agency in a separate resolution.

(2) Any applicant requesting a sales tax exemption from the Agency must agree to annually file (and cause any sublessee, contractor, supplier or other operator of the project to file annually) with the State, on a form and in such manner as is prescribed by the State, a statement of the value of all sales and use tax exemptions claimed by the applicant and all contractors, subcontractors, consultants and other agents of the applicant under the authority granted to the applicant by the Agency.

(3) Any applicant requesting a sales tax exemption from the Agency must agree to furnish to the Agency a copy of each such annual report submitted to the State by the applicant or any sublessee, contractor, supplier or other operator of the project.

(4) As required by the 2013 Budget Law, the Project Agreements will provide that any sales tax benefits determined by the Agency to be subject to recapture pursuant to the 2013

Budget Law must be remitted by the applicant to the Agency within 20 days of a request therefor by the Agency.

(5) The applicant agrees that, as required by the 2013 Budget Law, the resolutions of the Agency with respect to the project and the Project Agreements will now be publicly available on the Agency's website. As provided in the New York Freedom of Information Law ("FOIL"), the applicant may request that certain information contained therein be redacted and, if the applicant can demonstrate to the satisfaction of the Agency that release of said information would result in substantial harm to the applicant's competitive position, the Agency may comply with such request.

(6) Except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the Project will be listed with the New York State Department of Labor Community Services Division (the "DOC") and with the administrative entity (collectively with the DOC, the "JTPA Entities") of the service delivery area created by the federal job training partnership act (Public Law 97-300) ("JTPA"), as replaced by the Workforce Investment Act of 1998 (Public Law 105-220), in which the Project is located.

(7) Except as otherwise provided by collective bargaining agreements, where practicable, the applicant will first consider persons eligible to participate in JTPA programs who shall be referred by JTPA Entities for new employment opportunities created as a result of the Project.

(8) The applicant agrees, whenever requested by the Agency, to provide and certify or cause to be provided and certified such information concerning the Applicant, its finances and other topics as the Agency from time to time reasonably considers necessary or appropriate, including, but not limited to, such information as to enable the Agency to make any reports required by law or governmental regulation.

(9) Within sixty (60) days after the end of each calendar year, the applicant shall furnish to the Agency a certificate of an Authorized Representative of the applicant stating that no event of default under the Project Agreements has occurred or is continuing or, if any Event of Default exists, specifying the nature and period of existence thereof and what action the applicant has taken or proposes to take with respect thereto, and setting forth the unpaid principal balance of the Bonds and accrued but unpaid interest thereon and that no defenses, offsets or counterclaims exist with respect to the indebtedness evidenced thereby.

(10) The applicant shall insure that all employees and applicants for employment with regard to the Project are afforded equal employment opportunities without discrimination.

(11) The applicant agrees to file with the Agency, no later than sixty (60) days after the end of each calendar year, reports regarding the number of people employed at the project and certain other matters.

(B) In order to ensure that the project will create the public benefits anticipated by the Agency accruing to the residents and taxpayers of the City, the Project Agreements will require that each Agency Project Operator agree that, annually, within 60 days of the end of each calendar year during which a project has received any financial assistance from the Agency, such Agency Project Operator will complete and file with the Agency an annual report (the "Operator Annual Report") describing the status of the project during the calendar year just completed, including such information as: jobs projected to be created/retained; estimated salary of jobs to be created/retained; current number of jobs; construction jobs

created through the year; exemptions from taxes and payments in lieu of tax made; status of local labor; and status of bond financing related to the project.

SECTION 2503. ENFORCEMENT.(A) The Agency will use the information contained in the Operator Annual Report, and may use site visits and follow-ups, to gauge the status of a project in relation to the original commitment of the applicant as stated in the project application.

(B) Should the staff or board members of the Agency find significant deficiencies in any area; the project will be further reviewed. Examples of situations that may trigger review and/or action by the Agency include:

(1) If the Project Operator shifts production activity to a facility outside of the City and, as a result, fails to achieve the economic benefits projected;

(2) If the Project Operator moves all operations outside the City, neglects to move operations to the City, or the project does not otherwise conform to the project described in the Project Agreements;

(3) If a significant shortfall in economic benefits is identified, as compared with the application, such as a significant shortfall in new job creation/retention and/or expected major investments in the business;

(4) Failure to comply with annual reporting requirements or provide the Agency with requested information; or

(5) Closure of a project within the time period the applicant receives Agency financial assistance.

(C) Should the staff or board members of the Agency find significant deficiencies in the achievement of the economic benefits promised as described in the application and the Project Agreements, the Project Operator will be asked to provide justification for said shortfalls. The board members of the Agency will compare these statements against industry standards, as well as the current market and economic conditions, to determine whether the Project Operator did all that it could to meet its obligations as outlined in the application and the Project Agreements.

(D) The board members of the Agency will determine on a case by case basis whether a hearing is appropriate to allow a Project Operator to be heard on the issue regarding said Project Operator's failure to achieve the projected economic benefits.

(E) Should the board members of the Agency find that (1) significant deficiencies in the achievement of the economic benefits promised as described in the application and the Project Agreements have occurred and (2) there appears to be no justification satisfactory to the Agency to explain these deficiencies, the Agency may determine to undertake any enforcement action available to the Agency under the Agency Agreements to seek redress for these deficiencies.

(F) Enforcement action taken by the Agency under the Agency Documents may include, but shall not be limited to, the following:

- (1) Requesting cure of the deficiency by a final notice letter.
- (2) Forwarding an event of default notice under the Project Agreements.

(3) Notifying appropriate New York State agencies of the Project Operator's failure to comply with such requirements.

(4) Terminating any or all of the Project Agreements early.

(5) Reducing the value of financial assistance moving forward.

(6) Terminating any future financial assistance.

(7) Requiring that the value of all the financial assistance utilized to date to be repaid in full or in part.

(G) In connection with the undertaking of a Project and/or the preparation of Project Agreements, the Agency also reserves the right to negotiate the terms and conditions of these recapture provisions.

SECTION 2504. EFFECTIVE DATE. This policy shall be effective with respect to any project undertaken by the Agency where receipt of the application for the project occurs after the date of approval of this Policy.

M. Sec. 1.

September 7, 2021

Sarah Reginelli City of Albany Industrial Development Agency 21 Lodge Street Albany, NY 12207

Re: Request for Assignment of IDA Financial Assistance - 745 Broadway, Albany

Dear Ms. Reginelli:

745 Broadway Albany, LLC ("Applicant") has entered into a purchase and sale agreement with Broadway 915, LLC ("Owner") for the 1.38 acre-parcel of real property in the City of Albany known as 745 Broadway, Albany, NY 12207 and the shovel-ready, approximately 80-unit, five-story residential apartment building with approximately 90 parking spaces to be constructed thereon ("Project").

Applicant is respectfully requesting an assignment of the exemptions from (i) NYS Sales and Compensating Use Tax in the amount of \$124,800; (ii) Mortgage Recording Tax in the amount of \$170.025; and (iii) Real Property Tax pursuant to the City of Albany Industrial Development Agency's ("Agency") October 16, 2020 PILOT Deviation Letter, which the Agency adopted as part of its October 22, 2020 Approving Resolution. Furthermore:

- It was the Owner's intent to begin construction in the Spring/Summer of 2021. Given the Owner's decision to delay construction
 and ultimately sell the Project, it is now Applicant's plan to commence construction in Spring/Summer of 2022. We therefore
 request a delay of one year such that the 90% abatement on the increased assessment commences on the 2024 assessment roll of
 the City of Albany.
- Applicant's objective is to finance the project with a higher loan value than the Owner proposed. Accordingly, we are requesting an increase in the Mortgage Recording Tax Exemption to \$181,600.
- Due to current market conditions, we are requesting an increase in the NYS Sales and Compensating Use Tax exemption to \$612,725.

We have attached an updated application and supplementary material as required by the Agency for the consideration of financial assistance associated with the proposed project. Please note that 1) the requested total increase in tax exemptions above is less than \$100,000 and 2) we are proposing to incorporate up to approximately 2,400 square feet of ground floor retail space; a commercial abatement schedule worksheet is included. While retail is largely unproven in the Project neighborhood, an impediment exacerbated by COVID-19, the Applicant views the inclusion of storefront retail as appropriate urban design and a meaningful long-term investment for the corridor. The projected FTEs do not include additional potential retail jobs.

Applicant is one of the largest fully integrated commercial real estate development and management companies based in the Capital Region. The company's diversified portfolio in the Albany area encompasses nearly 1.5 million square feet of award-winning office, industrial, retail, self-storage, and residential mixed-use properties, notably The News Apartments and Vicina – Modern Urban Flats, both in Troy, NY. Our focus is on creating and sustaining greener, healthier spaces to build stronger communities, and we are excited to realize the Project's transformative potential for the Clinton Square neighborhood and broader urban community. Nevertheless, neither the Project nor the proposed acquisition of same can proceed but for this assistance, particularly given the continued impact of the pandemic.

Please do not hesitate to contact us if you should have any questions or find additional information is needed. We look forward to working with the Agency on this project.

Sincerely, *Cinbehalf of 745 Broadway Albany, LLC* Jeff Mirel Principal Rosenblum Development Corporation, Its Manager

If the applicant is requesting assistance that is a deviation from the Agency's UTEP, please refer to the Agency's Project Evaluation and Assistance Framework to determine the appropriate, potential standard deviation abatement schedule: <u>http://albanyida.com/wp-content/uploads/2012/03/CAIDA-PILOT-Program-Board-Revised-1.pdf</u>

•

If the Applicant is requesting assistance that is greater than the Agency's standard UTEP deviations identified in the Project Evaluation and Assistance Framework, describe the incentives and provide a justification for this PILOT request:

Applicant is requesting that the base assessment for the duration of the PILOT Agreement be set at the current property assessment of \$510,000 instead of the \$2,500,000 purchase price which includes a design package and permitting expenses. Applicant also requests, the Abatement Schedule be consistent with the schedule for Assessed Value per Unit of \$90,000 + 99,000+

Note from years 13 - 26 the estimated PILOT Payment will be the higher of 11.5% of Gross Revenue or the scheduled PILOT Payments based upon the above

The deviation from the Standard CAIDA Framework is necessary because the average rate of return on investment without the deviation is unacceptable given the risk associated with the project. The applicant will not be able to attract investors at such low returns which will make the project unfeasible.

The requested deviation boosts the average return for the 20 year PILOT to approximately 7.4% which is viable.

B) Sales and Use Tax Benefit:

Note: The figures below will be provided to the New York State Department of Taxation and Finance and represents the maximum amount of sales and use tax benefit that the Agency may authorize with respect to the application.

\$24M adaptive renovation of the centuryold Troy Record building and construction of a five-story addition on its former parking lot to provide 101 market rate apartments, modern amenities, and ground floor commercial space. The News addresses a desire for high quality walkable housing while preventing one of Troy's most significant landmarks from becoming blighted. Numerous details of the existing structure have been carefully preserved while underlying systems/ assemblies were modernized, and the legacy newspaper operation is referenced throughout both the historic and new sections. The proportion, rhythm and facade of the addition are contextually appropriate to the original structure and others on neighboring blocks.

The News incorporates numerous high-performance components and sustainable amenities including: geothermal water-source heat pumps for all heating and cooling; ERV; enhanced envelope; smart thermostats with wireless occupancy sensors to automatically adjust unit temperature; LED lighting with common area occupancy sensors; ENERGY STAR* appliances; WaterSense fixtures; porous pavement; separate compactors for trash and single-stream recycling; indoor blcycle storage/repair; and electric vehicle charging stations. VICINA - MODERN URBAN FLATS

100 Congress Street | Troy, NY 96,000+ SQFT completed in 2020

VICINA

MODERN URBAN FLATS

The newly constructed, five-story \$18M mixed-use residential building thoughtfully reimagines an interrupted historic streetscape at the corner of two main City of Troy thoroughfares previously occupied by a vacant onestory drive-through bank building. Vicina offers 80 studio, one- and twobedroom market rate apartments along with street-level commercial space and ample in-building amenities for residents including a roof deck, fitness center, pet spa, heated indoor bicycle storage, and package center.

All heating and cooling as well as primary domestic hot water is provided by geothermal water-source heat pumps. Other sustainable building infrastructure encompasses an enhanced envelope, ERV, smart thermostats, occupancy sensors for HVAC and lighting, ENERGY STAR® appliances, WaterSense fixtures, porous pavement, discrete trash and single-stream recycling, indoor bicycle storage/repair, and EV charging stations. Dedicated embedded electrical distribution from the main switchgear to the parking areas and roof can accommodate additional charging stations as well as a future solar installation. Resiliency is further addressed with deployment of continuous antimicrobial LEDs by Vital Vio in select common areas and, because the property is located within the 100-year floodplain, wet and dry floodproofing measures.

One-of-a-kind commissioned works from Troy artists and craftsmen accentuate the placemaking narrative that informs the development. For example, an original life-scale dimensional collage in the main lobby celebrates the continuum of everyday life and commerce in the neighborhood, a mercantile crossroads for over 150 years.

RDC is collaborating with the Capital District Transportation Association (CDTA) on a first-of-its-kind "demonstration station" adjacent to Vicina that incorporates PV, green roof and a mobility hub offering Bus Rapid Transit, car-share and bike-share options.
