Review of Draft 2023 Audited Financial Statements

Staff introduced Stephanie Mumford and Christina Gerasia, representatives of Teal Becker and Chiaramonte CPAs, who reviewed the Draft 2023 Audited Financial Statements with the Committee. Ms. Mumford reported that there were no difficulties conducting the audit, and credit was given to management and staff's adherence to the reporting process. Ms. Mumford noted the audit received a clean, unmodified opinion, with the financial statements fairly presented in all material respects. Ms. Mumford recommended to the Committee that the MD&A report required the addition of a new lease the Agency had entered into during 2023. Ms. Mumford reviewed the 2023 Audited Financial Statements in detail and answered any questions from the Committee. Ms. Mumford informed the Committee that new auditing standards have changed the way auditors must define and note potential areas of significant risk. Auditors must now identify the risk of management overriding controls directly in their letter even if they do not believe the occurrence of those activities has taken place. Ms. Mumford reported that

the auditors have looked at the Agency's internal controls, which do not have any deficiencies, and that nothing has come to the auditor's attention that has led them to believe there is an issue. Furthermore, the new auditing standards identify the significant risk inherent to cash as a liquid asset.

A motion to move the Draft 2023 Audited Financial Statements to the Board for approval was made by John Maxwell and seconded by Joseph Better. A vote being taken, the motion passed unanimously.
